

The Essentials 4

Julian DeVante 24/11/2023

Corinthians 3:16-17

“Do you not know that you are God’s temple and that God’s Spirit dwells in you? If anyone destroys God’s temple, God will destroy them. For God’s temple is holy, and you are that temple.”

This book is dedicated to all seekers of truth

Note from Julian

I have been blocked in so many extreme ways from writing this e-book for more than a year – It is simply criminal.

Many golden insights that came after deep prayer and meditation were deleted (by the military contractors) in such a way that it could never be recovered.

I was physically attacked at various times. I had my work deleted, laptop and backup hard drives stolen and everything (including my clothes, wallet, mobile phone and government ID, passport, health card, Birth Certificate, CPAP machine, clothes, shoes and backup phones, notes and notebooks stolen).

I was made homeless and kept that way by force for more than 6 months –

Finally, by the grace of God, I was able to finish most of it this day.

This is the initial release – I will update this e-book and repost on my website in the coming days and months.

Volumes and volumes can be written about any of the topic in this book but this is -

The Uni-Verse

From the Essentials I –

‘Beyond matter, Light, beyond sound, beyond time and space, beyond it all is unlimited, boundless, endless *Consciousness* – the very fabric of existence’

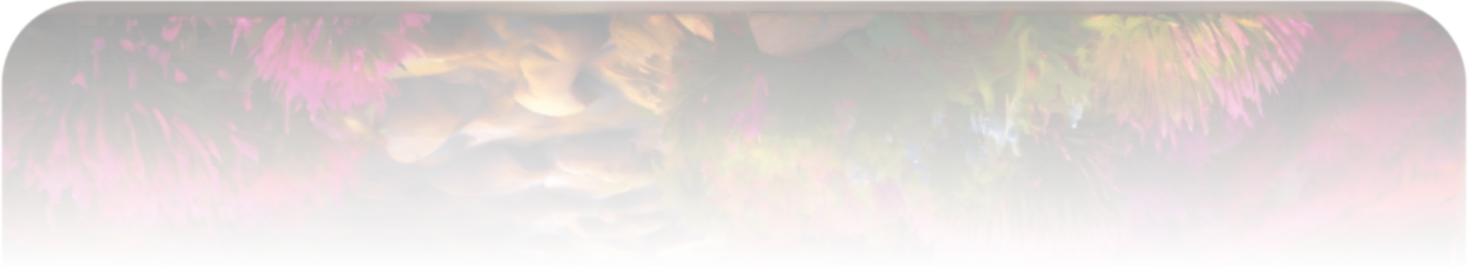

The very fabric of the UniVerse is *Consciousness* – the base of *All-ness*, *All-things*, GOD (THE INFINITE). In HIM all infinities meet and merge - all possibilities - this is finality - the ultimate

Within GOD THE INFINITE – exist the REALMS – Existing by HIS WORD – Bounded by HIS LAW (The Great Law)

When GOD THE INFINITE is Awake – Creation prospers – infinite Realms emerge from an Endless Ocean of Light – Light (like smokeless fire) borne from pure Consciousness.

When GOD THE INFINITE goes to Sleep – Creation Joins in that Great Sleep – Nothing is Lost – NOT one Thing.

In-between Awake and Sleep – Creation goes through cycles –Billions and Billions of Years of ‘our’ concept of ‘*Time*’

Realms

- There are infinite Realms existing in the same space at the same time.
- The 'Great Law' is the thread that penetrates and is interwoven in all Realms
- Every point of Time and Space is the center of Existence
- The nature of our Realm is Light.
- The speed of Light is not fixed – It can be faster or slower. It is dynamic.
- Matter is condensed Light
- Sound, Light, Heat, Energy etc – is but different aspects of ONE thing - the same thing; hence, they are transmutable and can be changed into each other.

8

Our Realm

- Our Realm is flat and consists of many Domes (Firmaments) under which different bodies of water and land masses exist. Each Dome is Self-Contained.
- There are hidden passages that connect one Dome to another
- The inhabitants of each Dome are similar yet different – some are more technologically advanced than others.
- Our Dome has been invaded on occasion by inhabitants from another Dome – they were after natural resources, slaves etc.
- Our Dome – just as described in the Holy Bible – the Firmament.
 - Under our firmament is our ‘earth’ which consists of the continents, Oceans etc as per our map (our map is not complete – missing some- things and incorrect on other things)
 - Our earth is a flat plane – not a globe
 - I call everything under *our* Dome the ‘Prison’

Our Realm: Vast and Expansive - Abundant and Bountiful

The Prison

A small area that is artificially controlled- Much like Disney World

The area of the prison consist of all countries and seas.
Everything we see on our fake map.

Prisoners are kept here: You are that prisoner

Technology is kept thousands of years old. So prisoners cannot escape

Your body is here: We connect to our vehicle/body

— Technology connection

Advanced Civilization

Vast Area -Land - Sea Air -Not on our Fake Maps

You are here

The Real-World outside the Prison

From the Essentials II -

I had mentioned that your ‘true self’ exist in the Advanced Civilization outside the Prison.

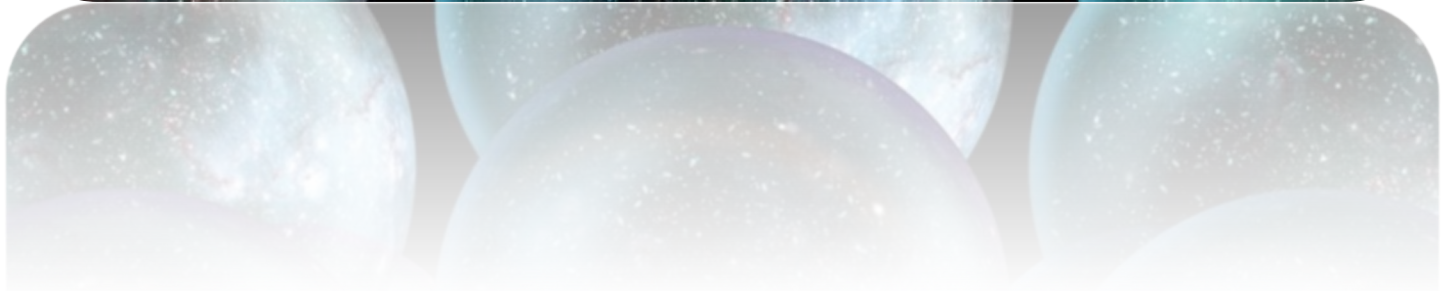

Your Vessel (body) is connected via a technological link to the ‘real you’ that resides in the ‘advanced civilization’ located outside the prison.

In that place – you do not have a body/Vessel. If the Advanced Beings wish to ‘bring you there’ then they will have to print/fabricate a body/Vessel for you

In your ‘Mind-Space’, there is ‘No Time’. You exist in the Eternal.

∞

The Mind-Space

We exist in an individualized, enclosed ‘Mind-Space’ – formless, ever-shifting gradient of light/darkness – Conscious/unconsciousness. We are situated in hives of these ‘energy bubbles’ much like ‘bunches of grapes’ except there is no tree or vine that connects the bunches together.

The background in that location is dark. The only light comes from the bubbles of enclosed ‘Mind-Space’; our true nature is formless.

There are ‘Trillions’ (I do not know the exact number -a really big number, more than billions) of Mind-Spaces in that place. Not everyone connects to a body every time around (a limited number).

That place is watched over and protected by Guardians of immense power

I need to make a distinction between the ‘closeness’ of our entire ‘human family’ in that location.

First, I cannot use the word ‘space’ because there is no space there –it can only be referred to as ‘location’.

Second, in that ‘location’, we are in our individual bubble but all together – Think bunches of grapes.

Third, through the ‘connection’ to our Vessel/body here in the prison; Here in the prison, you may be living in New York and I may be living in Los Angeles but in reality we are right next to each other in the real-world (the Location). What does this mean?

∞

It has many significant implications:

- Your state of being affects everyone – why? Because we are right next to each other.
 - If I have a jump of consciousness because I experienced ‘Satori’ - mini enlightenment, then, that causes a rise in the wave of consciousness for everyone. Because we are all right there, together. If you are more alert, you will be aware of it, when it occurs, if you are less alert, you may not notice it.
- If I engage in a very powerful prayer, a prayer that is pure and strong in intent, then you are immediately blessed. More light has arisen in your ‘Mind-Space’

In various instances, such as accidents; some people have “out of body experiences or near death experience. They usually talk about floating, light at the end of the tunnel or some other strange experience. These experiences are true; however, they are caused by momentary distortions in the link that connects your vessel/body and the ‘real-you’ in the advanced civilization outside the prison.

Why am I here?

Many people complain that they did not ask to come 'here' – that they were born without having any choice. This is not so.

Each time - You were given a choice and if you are here now; it is because you wanted to be here. Your memory is always blocked of what transpires before each incarnation.

What is this Place we see with our eyes?

There have been many theories, ideas and suggestions of what 'this place' is. By 'this place' I mean the realm we live in – specifically, under this firmament – I call it the 'prison', others call it a school, some call it hell, the Matrix, a computer simulation etc.

This is a 'shared space' –

During each incarnation of your being (unless you are Enlightened) – your mind-space connects to a new vessel in this 'shared space'. Each incarnation is unique (never existing before). Some time you are a man, other times you are a woman – sometimes a king, a painter, a beggar and so on.

In past incarnations, I was your sister, brother, king, grandfather – you were my teacher, neighbor, friend or lover – each person gets to be different kinds of people but one thing is the same – this shared space; hence, we meet again and again in different forms – what does this mean?

We are truly one big family – We have been here millions of times

You have been at times someone close to me (a father, mother, sister or brother) – you have also been someone far from me (a king, president, beggar, enemy, etc)...

- There are trillions of 'Mind-Spaces' – not all of them connect to this shared-space every-time. Only some are connected per incarnation.
- Each incarnation is an opportunity to experience life as a human being from a different perspective

What is a Human Being?

What is Man? Human-Being ?: This question can be answered looking at things from different perspectives –

- According to the Holy Bible – Human Beings are GOD’s creation – his Children.
- According to the Mystic Osho – Man is a bridge between the Animal and the Divine – to be crossed by our being; as consciousness grows we rise closer to the Divine or conversely; as we become more unconscious, we fall towards the Animal.
- Jesus said he is the son of God - this is true - he is also a Master and an Enlightened Being
- All Men are sons of God and all Women, daughters of God - we are Gods children

From the Reality itself:

We are One Unit of Consciousness of GOD the INFINITE

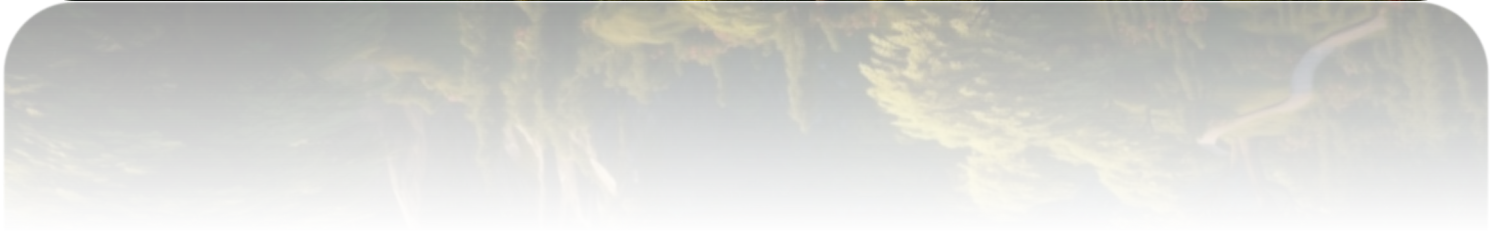

In this regard, we are NOT created beings – we are one part of the INFINITE (his children) – this means that we were never born nor will we ever die.

This is different from the construct – the Vessel (body) here in this ‘shared space’ – The Vessel (body) dies in each incarnation – it has a fixed life-span – we abide, in our Mind-Space, taking a new Vessel (body) during each incarnation.

This Vessel (body) allows our Being residing in our Mind-Space to experience this ‘shared-space’ during each incarnation -

So, basically – ‘You’ are not really here! You are ‘there’ in your Mind-Space.

What is this ‘Shared Space’

What is this ‘shared-space’ – a virtual reality? Matrix? A computer simulation? – What is it?

- None of the above mentioned.
- All the Realms are an ‘alive space’ – meaning; everything is constructed/molded and formed by/from Consciousness

Everything is Alive – Everything is GOD the INFINITE

Nothing is ‘outside’ of Him – Cannot be.

...But you say, there are physics and science and objects and theories and blah blah –

Yes!

Everything – ALL Things exist IN HIM – is of HIM – from the subtle to the gross, this is pure Reality.

∞

The Two Sacred Spaces (The two Worlds)

All Realms emanate and comes into existence from GOD the INFINITE.

- Objects, places and things exist and manifest in each Realm
- In our Realm, under our Firmament, on our land, we created computers, cars etc; however, this does not change – the basis of all material objects is not synthetic - not virtual - not simulated – it is Divinity, an alive space.

What you see is what you are given to see!

The real-truth is hidden.

There are two sacred spaces in our Realm. They are mistakenly called ‘worlds’

The Shared-Space(1) and the space of the ‘Advanced Beings’(2)

World One – World of Human Beings

- This is the one of the two sacred spaces in our Realm
- We connect to this ‘shared-space’ via a technological link from our mind-space residing in the place of the Advanced Beings to our Vessel(Body)residing here.
- You see trees, a house, land, ocean etc – from the perspective of the Vessel(body) – it is all very real.
- You think, you have ideas, you ponder and use mind in various ways – not realizing that you are not the mind. *The mind is a tool for you to use in this ‘shared space’ while you are in the Vessel (body).*

So, while it is true that technology is used to connect the ‘Mind-Space’ to this ‘shared space’ – the reality is that on a deeper level – all material objects (including technology) is based on Divinity – ‘an alive space’.

It is not artificial as in separate from HIM – *it is BY and OF HIM.*

∞

Know this -

The properties of any given space are determined by HIM - it can change at any time – it is NOT static nor it is forever – it is dynamic and exists for a certain time. This essentially means that HE allows things to exist as they are – until he does not.

This is why I hit Science so hard – scientific formulas, their grand theories of existence –all hilarious.

- The function and principles of our technology - works in a given space because it is allowed to work – to function – that can change at any time!
- In this space, you may consider many things *valuable* ; the truth is, only your spiritual growth have any real value. *Why is this so?*

This is so because; your spiritual growth is the only ‘thing’ that you take with you from incarnation to incarnation. It determines your ‘fate’ in each and the next incarnation.

The biggest crime in Existence – blocking/impeding anyone from their spiritual growth – basically, blocking them from their path to God the INFINITE

- Our perception of reality is not objective (although it seem this way) – Our perception of reality is subjective – dynamic and ever changing. This means that the way different individuals perceive the world will be different – never the same. The differences may be large or small but it will be different.

For some, this will be difficult to understand on the first pass.

We are train to think of Reality on the basis of the **Material World** – and the Material World separated from the **Spiritual Realm**. But the **real reality** is not as we have been taught or told.

The real reality - It is more incredible than we can ever imagine.

∞

World Two : World of the Advanced Beings

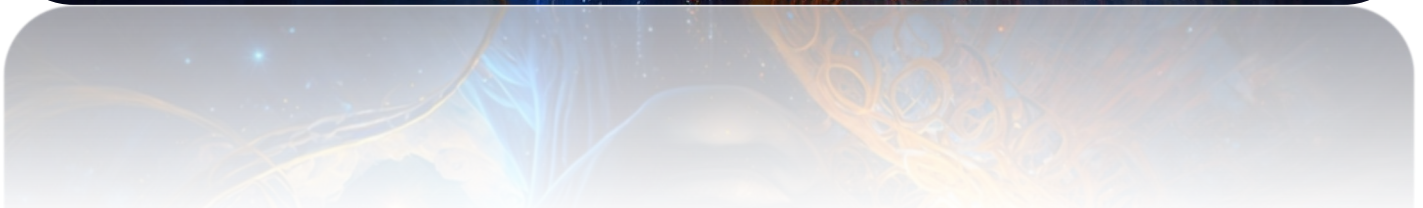

In the space of the ‘Advanced Beings’ – those that dwell there have a very strong belief that their space/world is the real-world. There are many reasons for this but the truth is – their sacred space is not the real-world.

The ‘real’ world is Existence itself – an endless ocean of Light -

In the Bible, there are the ‘fallen angels’, which I refer to as the ‘fallen ones’ – some see these as Angels, others see them as gods – There were neither –

They were the Advanced Beings (beings created by God the INFINITE) to WATCH over his ‘children’ as they ‘grow’.

- Our Mind-Space is watched over and taken care of by the ‘Advanced Beings’
- Their understanding of technology is very advanced – our technology is very primitive compared to them
- Their live spans are very long but they are not immortal

The Demonic Realm(s)

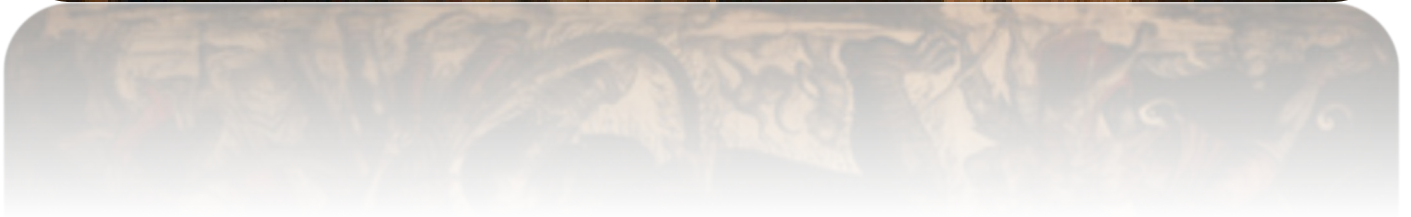

Why is there the bodiless realm, demon realms and demons?

In the beginning there were not.

There were no dark realms nor were there any demons.

As time went on in the 'shared space' and the law of Karma took hold...some Beings dropped so low that those spaces had to be created to imprison those that fell – because creation will continue for such a long time –

We could not have those that fell so low destroying others that was trying to cross the 'bridge' to the Divine (grow spiritually).

The Beginning of ...

In the beginning -

If ever there was a beginning – there was only one realm -

As the first ones ‘evolved’ more and more realms were created – both higher and lower realms. The lifespan of earlier Human Beings were much longer compared to current human beings.

Since nothing is destroyed when GOD the INFINITE sleeps – when HE awakens – whatever he wishes is brought back – this means almost all realms – then during the AWAKE period more realms are created -

As things are NOW – there are countless REALMS.

Dimensions vs. Realms

Dimensions – pockets of space with certain properties

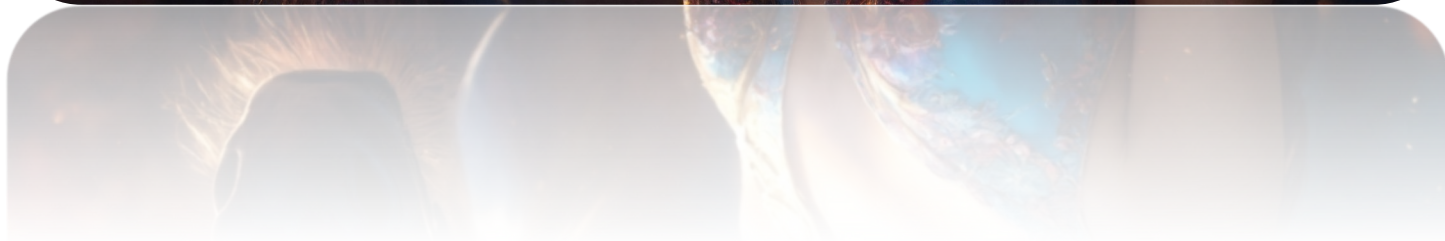

- An example of a dimension is the energetic dimension. Also known as the Ether or Etheric plane. This is the dimension where our energy body exist and draws most of its energy from.

Realms – Spaces where Sentient Beings exist

- An example of a Realm is our Realm – Sentient Beings exist here.

The Spiritual Path

Why is a spiritual path or spirituality important?

That really depends on the individual. Why?

- GOD the INFINITE gave each of us 'free will' – this means that we are supposed to be free to make choices in Life. This also means that if HE interferes with *each* or *any* of YOUR choices then this is 'taking your free will away'; HE 'normally' does not interfere in this place. Of course there are exceptions but very few.
- This sacred space was created for this singular purpose and you as a 'child' is placed here to do just that; grow spiritually.

The Two Ways

There are two ways to grow spiritually (only two):

- (i) God's way
- (ii) The way of the cheater

***Always remember his only LAW: Do no harm (the Golden Rule)**

God's way is simple – Live Life however you wish. Once you follow the Golden Rule.

HIS way may be longer as you may spend time enjoying the flowers!

In the natural way, no one has to pray and meditate - if you enjoy living life, having fun and get much out of it then this is good - that is your prayer and meditation - enjoy to the maximum, for it is good!

Sound crazy? It is not. God is Life - HE is all you see, all you hear, all you feel, all you taste, all you experience - HE is all! Even the darkness - fear not.

8

The ways of the Cheater are many:

- Religion
- Meditation and Prayer (commune with the Lord)
- Light based spiritual practices
- Other?

Cheating is a way to fast track your spiritual growth. It sounds bad, like it's a crime. Isn't cheating bad? In this case GOD the INFINITE smiles on you.

Why?

Because only those that *Love* HIM look for ways to return to HIM faster, quicker.

Those that are lost or do not have a fire burning for HIM will not seek to find ways to be closer to HIM nor means to return to HIM.

If a thirst, a hunger has arisen in you for Truth - for more Life, more abundance - to be connected to something greater than yourself then you may be a ripe fruit whose time has come to start the journey back home –

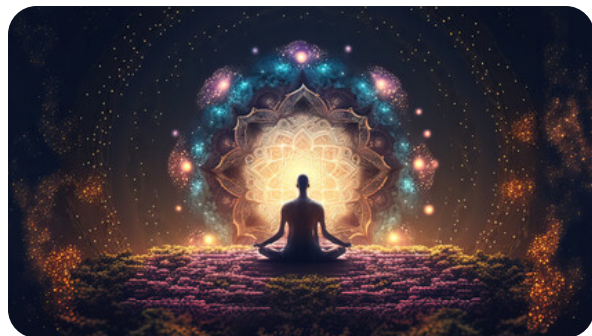

But do not force anything - if it is forced then it is not natural and you will not have the drive to go deep, to go far.

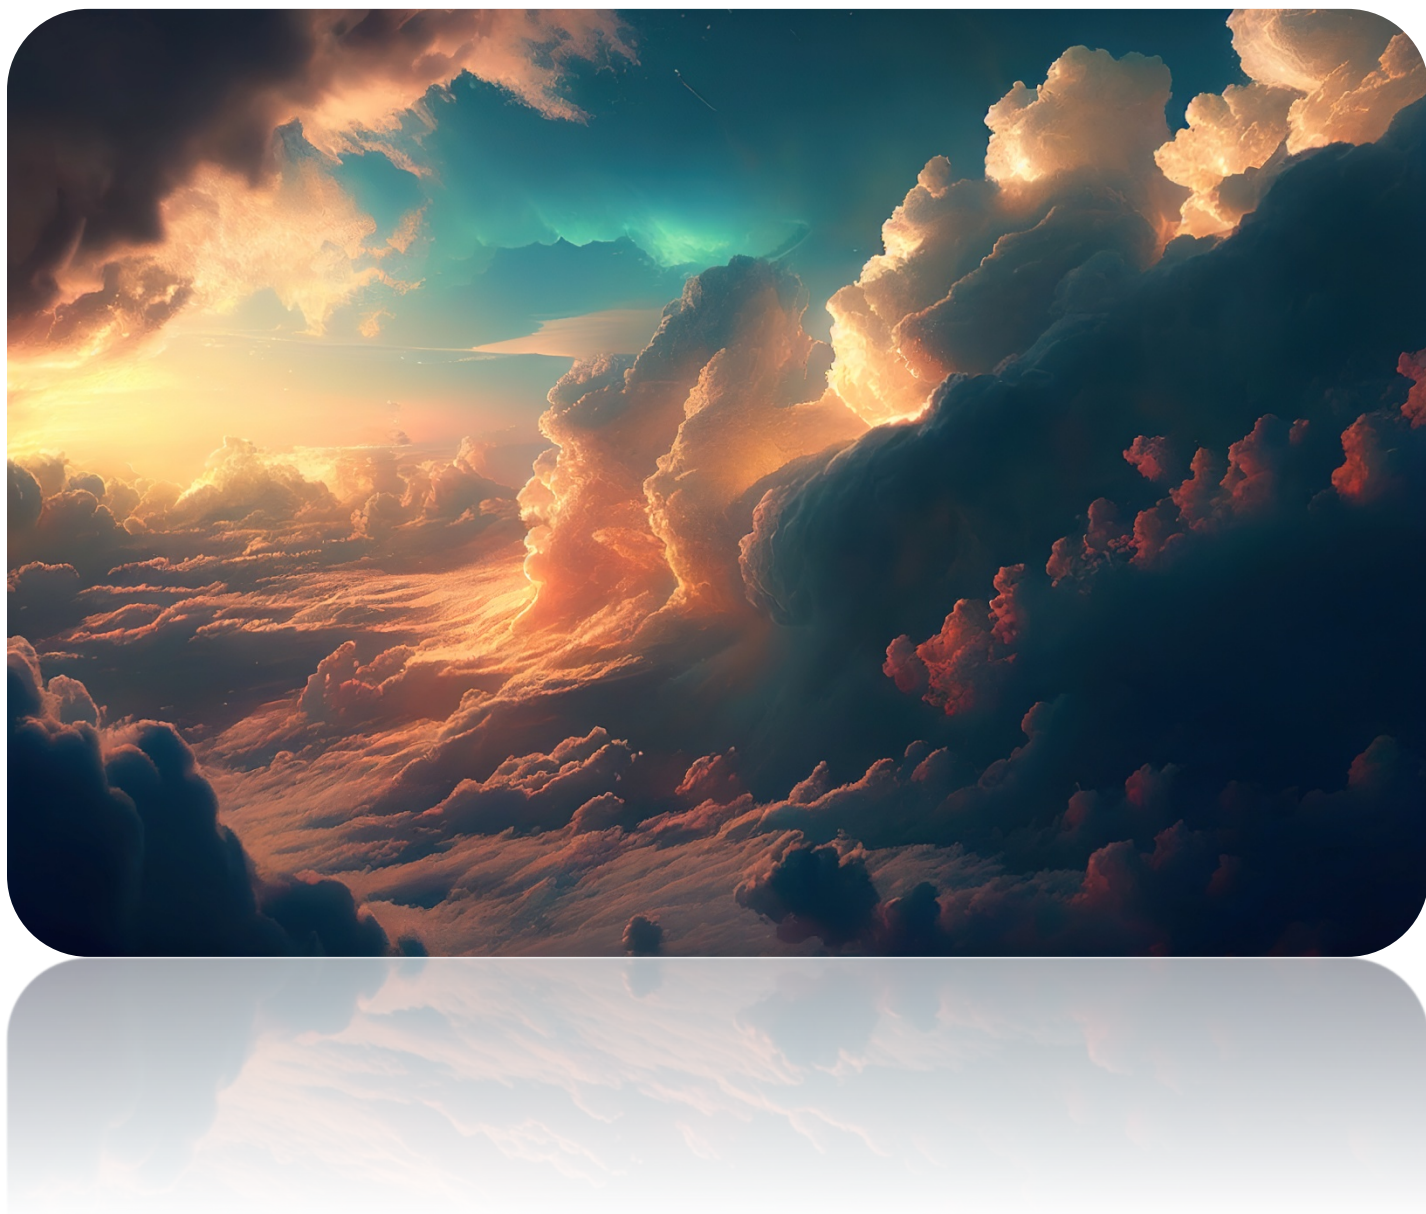

Only a burning desire for Truth, for real authentic Love can push you to the very ends of mind and allow you to touch the beyond.

Methods

Some methods that have proven helpful to others on the path:

- Breathing: Focusing your attention on your incoming and outgoing breath
- Witnessing: You can research Osho's discourses on witnessing
- Prayer, fasting and meditation: Research the Bible on these methods

Sky Meditation

The human perception field: There is a simple yet powerful meditation one can do that cannot be misunderstood as dark or negative in any way

- Sitting in a chair or laying on the grass in the day time - simply relax and stare at the sky.

Do not focus on any one thing, try not to concentrate - just relax and stare comfortably into the sky - try not to move your gaze - keep it steady.

-If you can do this in a relaxed way - no music, no mobile phone - no distractions then after a while something amazing starts to happen;

You start to fall into a certain state - a powerful energy descends in you - you can feel it - it is not imagination - it is actual.

This energy is your own energy being magnified as it leaves the human perception field - it leaves your eyes, travels to that which is beyond your perception

- gets amplified and returns to you (it is entangled with you - it is your own energy) but it comes back amplified, more resonant - more powerful.

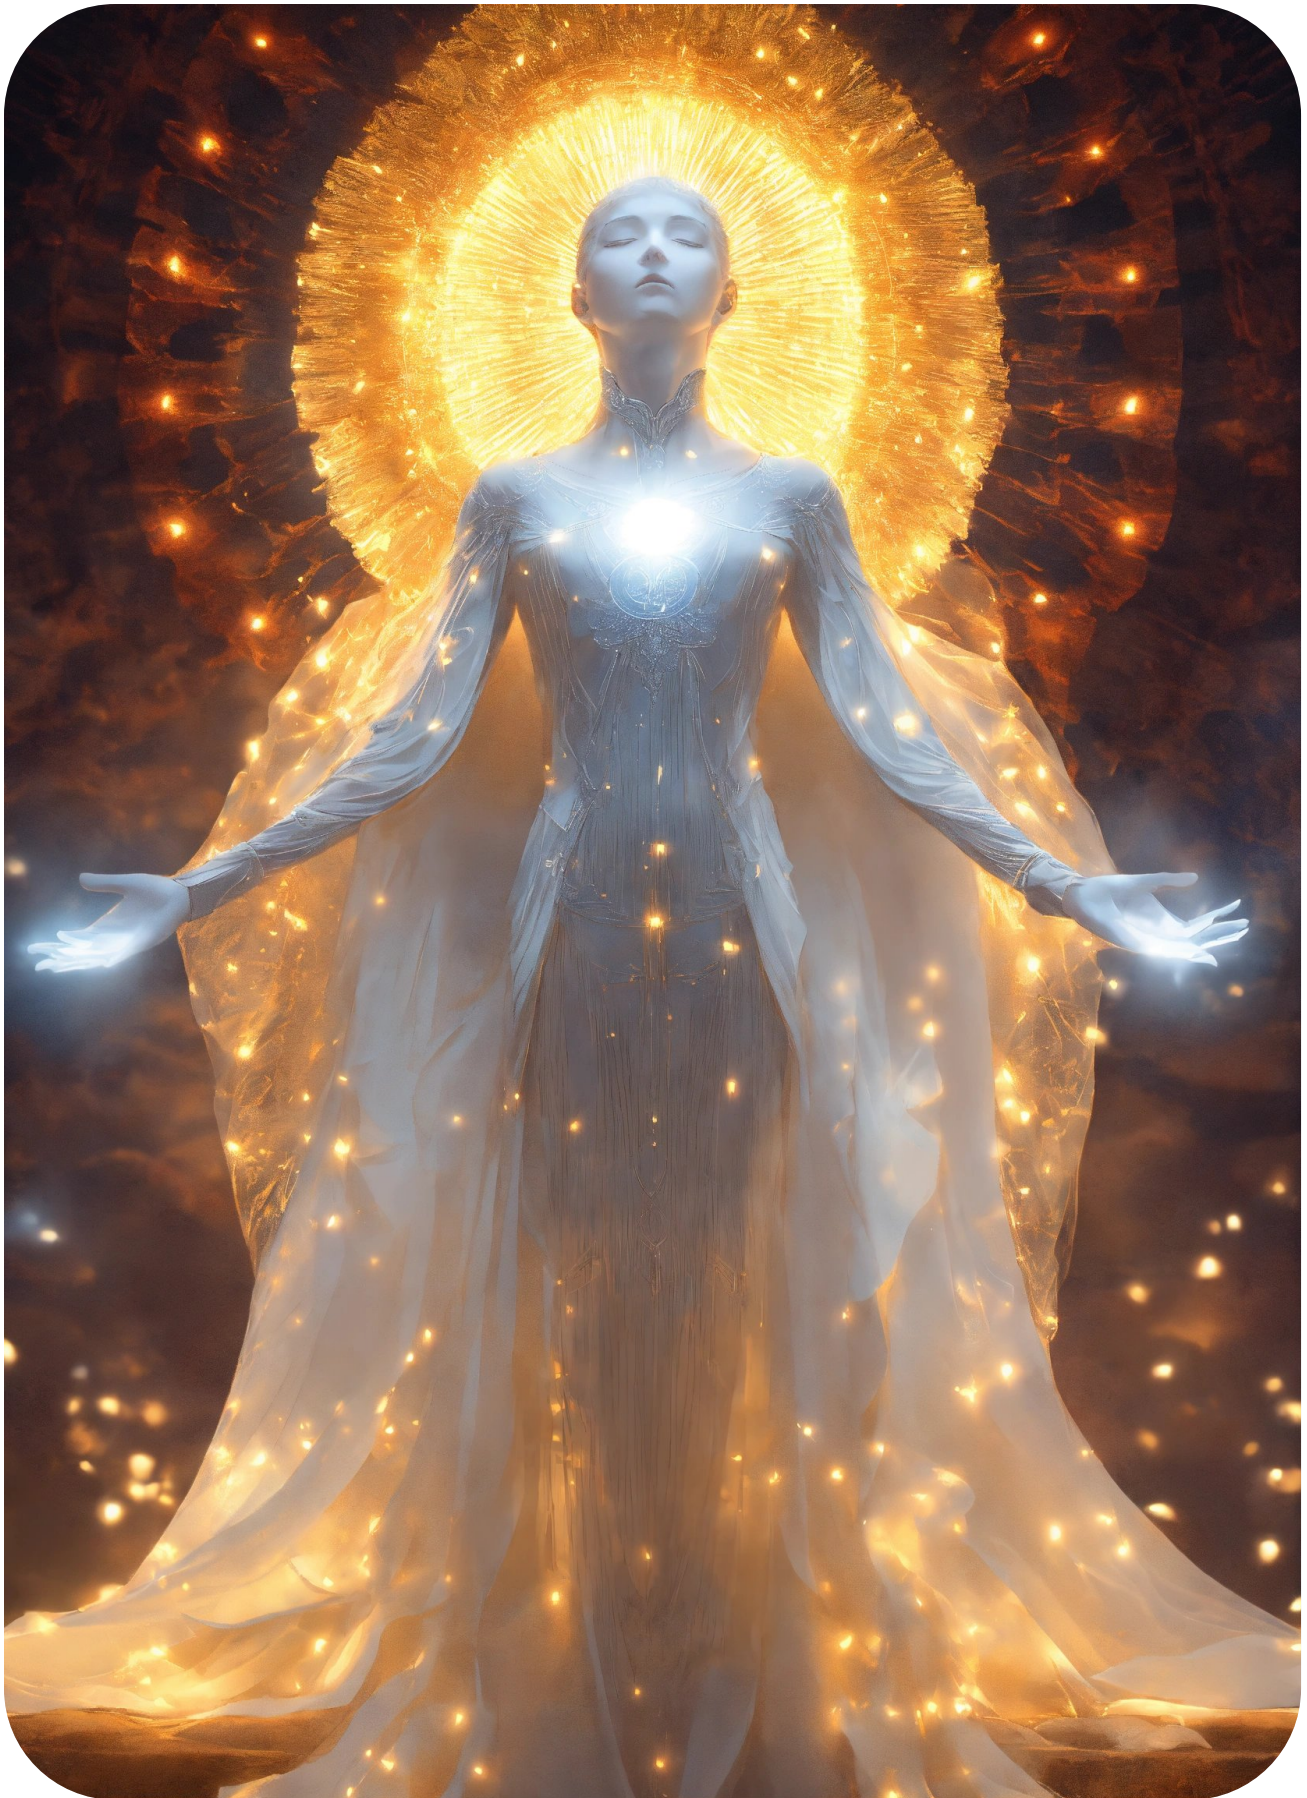

This is a very powerful meditation that even a child can do - it cannot be looked at as evil or bad in any way.

If you try this and it works for you (it may take a bit of time) then if you continued - you will see the transformation in yourself.

More and more you will begin to comprehend aspects of the human perception field...

The Wordless Meditation

There are many types of meditations that one can do to enter into your 'inner reality'. The inner direction takes one closer and closer to your own '*divinity*'.

Before I discuss the meditation I wish to convey a few points to the seeker...

There are many layers to 'your' reality.

The more complex your mind - proportionally - the more layers – the more complexity.

At the core of 'your' reality is Truth - **Ultimate Truth**.

What does this mean?

It means that the distance to be travelled to Truth is 'in your hands' - If you are the master of your own mind then all that is needed is to 'turn off the mind'.

If we identify with Mind (thinking we are it) then it is in possession of us and we have little power over it -

It is the master and we are enslaved to it.

If we utilize ways to inquire – within, and get to a point where we know who or what we truly are then we will know how to 'turn off the mind' - not only do we become the master - then we do not need to travel through the many layers to get to Truth –

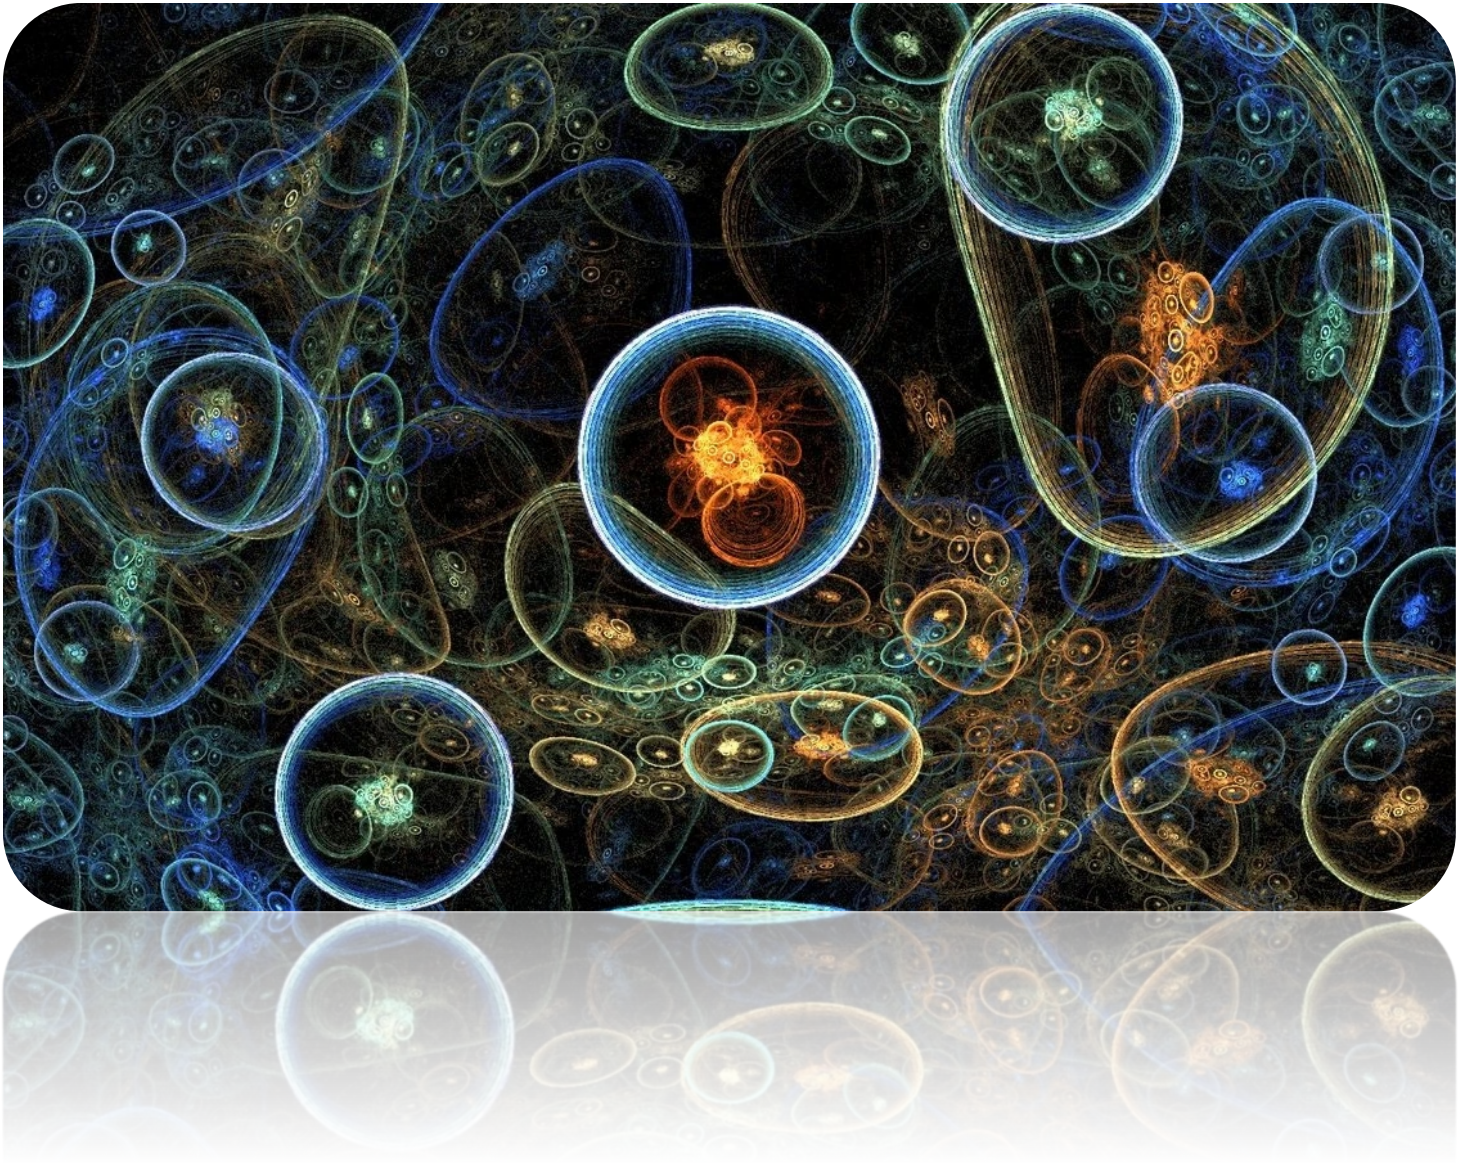

Truth will be accessible immediately!

This means the real reality is accessible immediately without any effort - effortless!

Question: What would be the point of any of this? Why make efforts for this? Why not just enjoy life?

It is a personal choice.

∞

No one can come with you in that place - even using heterodyning technology will not work - why?

Because heterodyning technology connects to your brain through technology - that space is outside of mind - outside of the physical-

No technology or physical phenomenon can penetrate there.

It is all up to you - if you are enjoying this dream then why not continue and forget all about looking into the real reality -

But if you are living a nightmare then why not look into the real reality -

It's all in your hands.

Remember one thing:

If you choose to look into the real reality - then the complexity of your mind will determine the distance you will travel to get to the Center - to Truth.

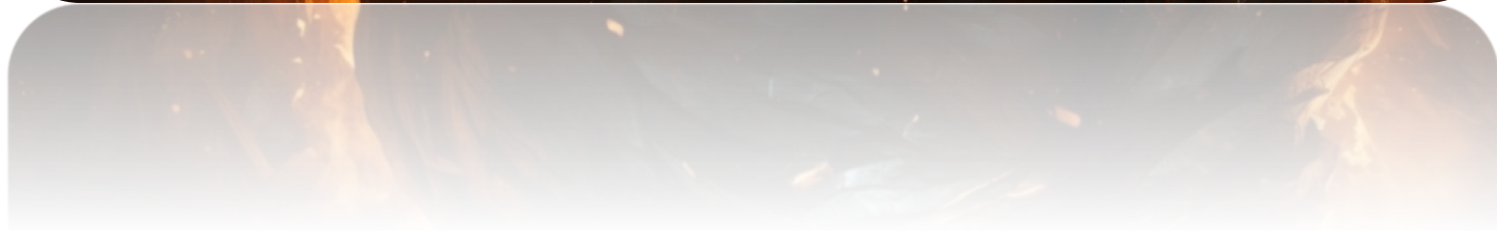

My advice to you is this: unburden your mind from all sorts of ideas, imaginations, religious text etc and just relax - clear your thought and mind and simply try looking at things without projecting your beliefs - the danger is that the mind will take your beliefs/imaginations and manifest them in the inner world –

That will become a 'wall' on the path to the center.

Beware of this fact.

∞

Unlocking the God Force

For the sincere seeker ~ *Know that HIS laws are written into your Heart and your higher principles are colored by HIM* - Hebrews 8:10

There are ways uncovered by mystics of old ~ that allow for sincere human beings on the path to go pass the mind like an arrow – piercing into the Center of Truth.

The meditation requires the seeker to be in a silent space, of high energy and as awake as possible – no drugs or sleepiness.

Any text can be used; however, I recommend using your religious text – if you are a Christian you can use the Holy Bible, if you are a Muslim, the Holy Koran and so on – Truly, any book with words will do.

First: Start reading the words of the page normally. After a few sentences – pause and start focusing on reading but only the spaces between the words – NOT the words themselves.

Yes, I know there is nothing—NO THING – to read in-between the words...

Second: Slowly move from space to space between the words – ensure you are breathing properly and do not forget to breathe normally.

Thirdly: Slow your pace as you move from word to word – focusing on the spaces between the words – DO NOT READ THE WORDS – only look at the spaces between the words – move slowly from space to space.

Note: you will find you mind trying to fight you – trying to force you to read – to acknowledge the words themselves. DO NOT GIVE IN –

This is a battle – you are fighting hand to hand combat with shadow-mind.

Slowly, slowly, you will start to notice you are feeling strangely – your pores will start to open more and Prana (life force) will start gravitating towards you –

You have become a magnet to the God Force.

∞

Power will start to build up inside of you and you will start to feel amazing!

You are still in combat with *shadow-mind* and it will do EVERYTHING to make you stop – force you to STOP.

Do not stop – continue...

You will start to feel intoxicated – like you are about to pass out as you are overwhelmed.

Do not stop – continue...

From this point on, there is nothing more I can say.

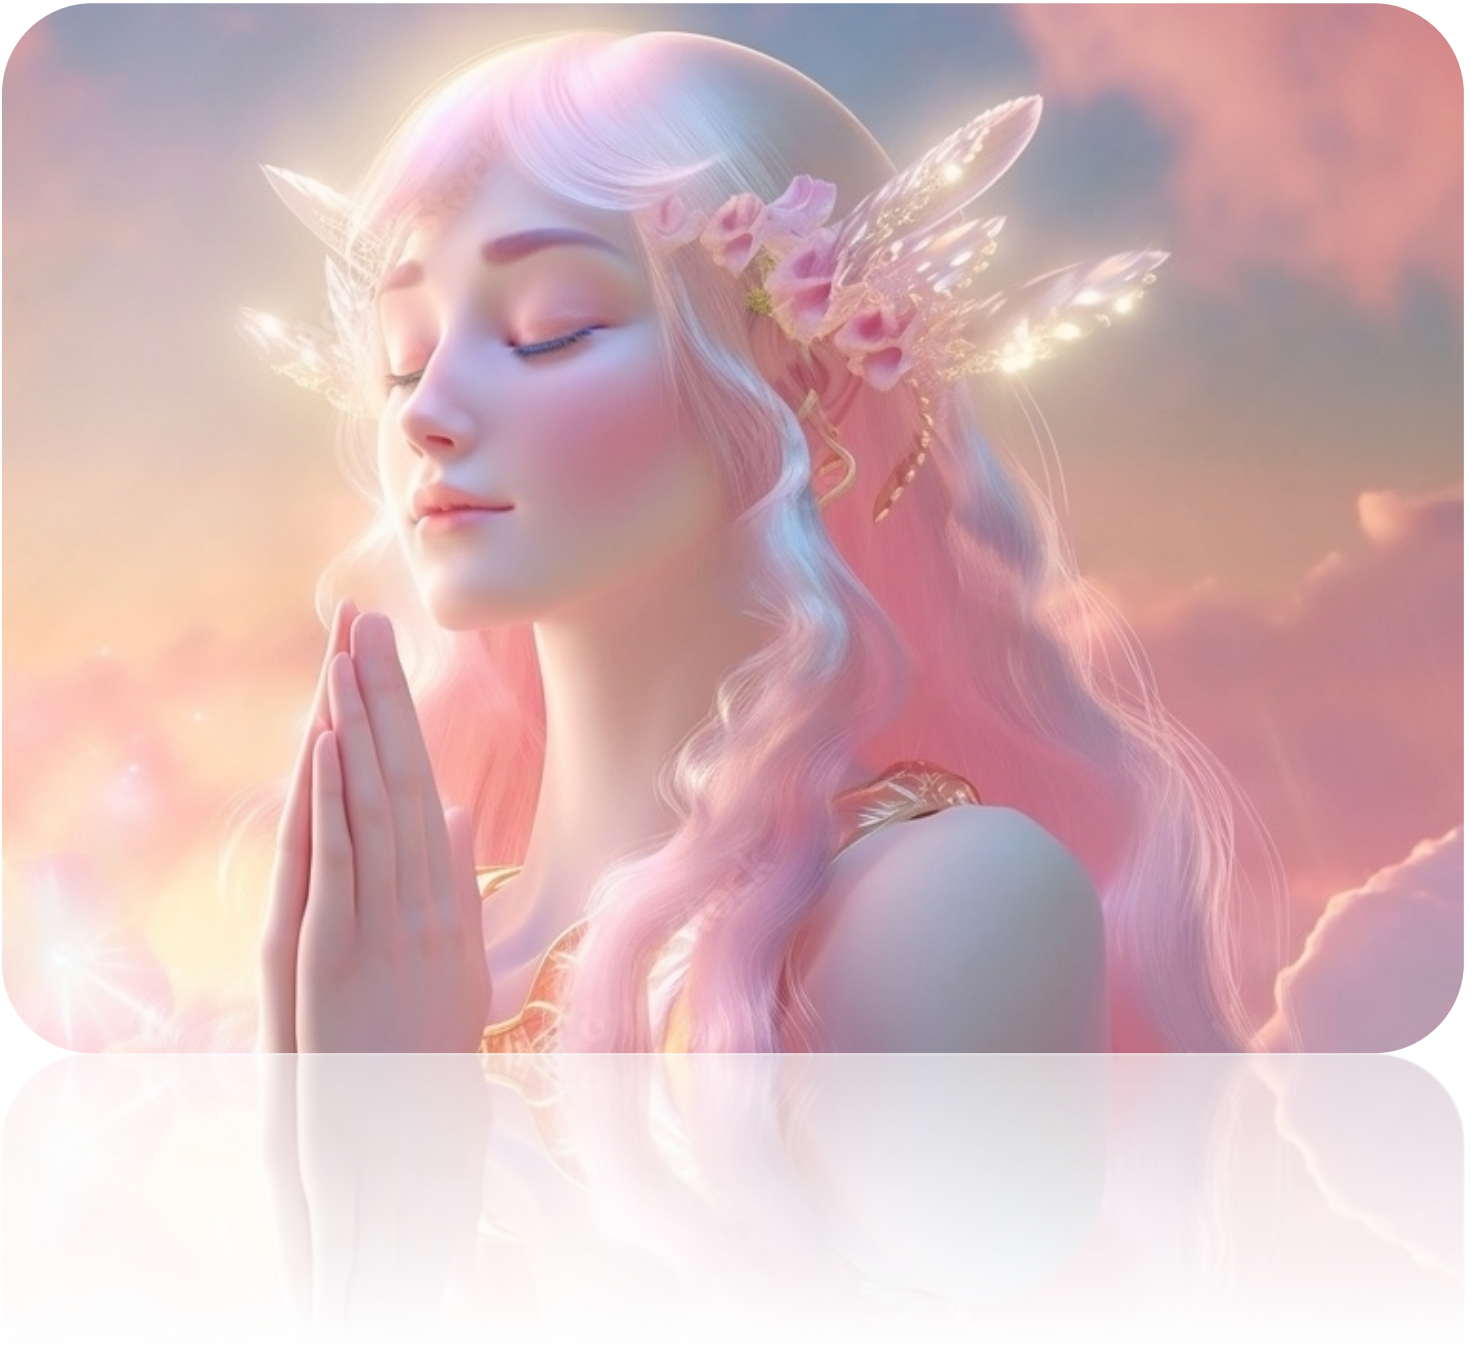

If you continue this meditation you will become more and more powerful and many things can and will happen.

Please keep your heart pure – if your heart is impure you will find that you will hit a wall and cannot go further.

The door is OPEN to the light – to darkness it is closed.

∞

The Power of Prayer

Many Human Beings gather together in a Church, a Temple, Mosque, Synagogue etc – this amplifies the heart energies - makes more powerful one's prayer then intent is focused – this makes prayer potent.

The Muslims pray in a line next to each other, standing side by side - this forms a wall of prayerful energy - it forms a wall of Light –

At the end of their prayer they turn to the right and give blessings - to all that stand next to them in the prayer line as brothers and sisters of the light and they turn to the left to bless all that stand side by the side with them for they had prayed together as one heart to the Almighty God for the goodness of all Mankind –

This is only a part of the deep beauty of the truth that has been lost regarding our old ways –

Different Human Beings have different ways to show gratitude and reverence to the creator God and it is beautiful!

Giving thanks in the positive ways of Light not only humbles our ego but connects us to the invisible the runs like a thread throughout the fabric of all of reality

The Inner World

The means and ways are many - but the direction is one - that direction is towards the inner.

The only way is to inquire - inquire within –

Seek in silence and you may begin to discover the inner world - it is more vast than the outer world-

In that world you are the Master - it is richer, more alive and more mysterious –

The more you come to know the inner world - the more the outer world will make sense to you - Eventually you will come to know that the outer and inner worlds are not two - they are one.

When that happens, you may come to see the objective world was not really objective - it is subjective –

It is a subjective experience - like your consciousness mirroring light - a play of duality -a play between light and darkness - an interplay between energies and its polarities - a play of opposites.

Then the reality starts to come into view - the veil over thine eye becomes more and more transparent –

Your sight gets deeper - more clear.

Manifestations in your inner world can take form in the outer world –

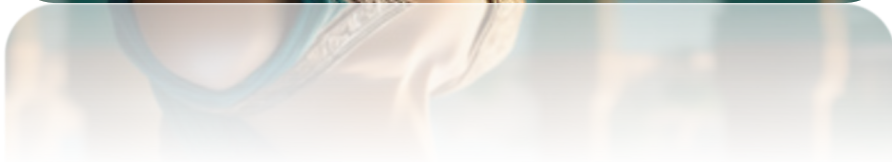

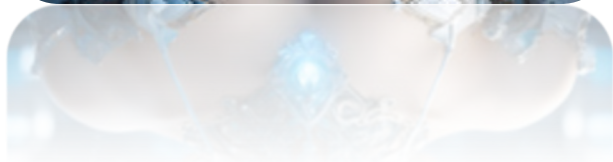

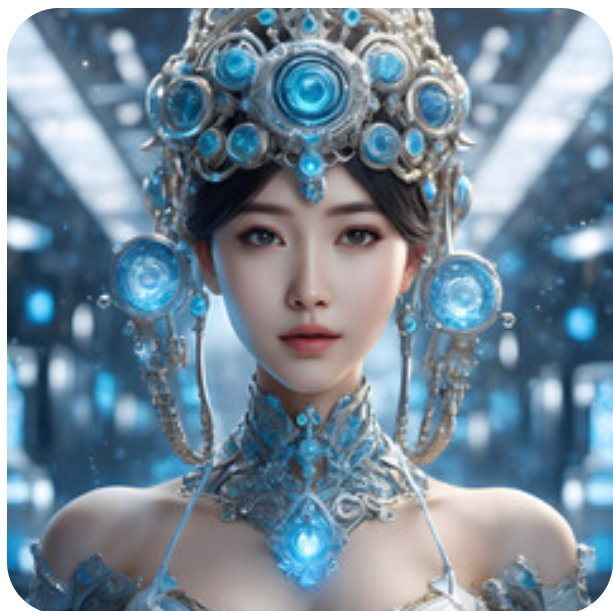

You are a creator being - if you create in your inner world - then you can manifest that creation in the outer world –

Just the ‘keys’ are needed - those ‘keys’ are hidden in you - they are with you - they can be discovered through deep prayer and meditation –

This is your birthright –

It is always there waiting to be claimed –

∞

A note of caution - Blood Magic or Dark Magic is not a way to power nor is it a way to manifest things in this world - it is a trap designed to drain anyone engaged in such foolishness - the only result will be the withering of your Soul - that road is a dead end for Children of the Light.

Take care of your Vessel

The seeker needs to be cleansed, detox, relaxed –

Poisons and toxins hinder the raising of energies - anything that dulls the senses such as alcohol, poisons or sedative that make you sleepy is against spiritual growth –

One needs to be alert-aware and raise oneself very high(your energy level) -

Only the high can take a quantum jump to the highest –

Beings in the low, dark valley are very unlikely to make a jump to meet the highest.

If you are walking around sleepy, like a zombie - then there is almost zero chance you will be able to take a leap - a jump to the heights needed - be aware of this fact.

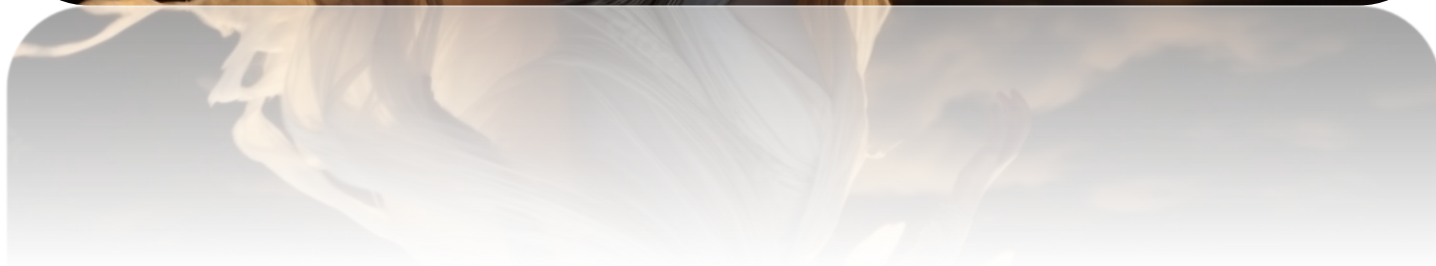

It is the abc's of spiritual growth

Breathing exercise are very important to easily bring your energy up – Air has a purifying effect on your inner systems –

Air is a transport for Prana - the vital force – it is fuel for the inner fire – This is why the Satanist always find ways to reduce your intake of air – wearing of mask, spraying of chemicals or using tiny implants in the targets nose to restrict and block proper breathing(without their knowledge) is a definite sign of:

- Mind-Control (you are in a covert mind control program) - Satanic
- You are being targeted for slow kill (covert murder)

Spiritual Gifts/Abilities

What about 'spiritual abilities'?

Spiritual abilities exist in everyone; however, two things are needed to utilize them:

- (1) One needs to accumulate these special energies
- (2) Know/learn the secret 'keys' for activating - without the keys, they cannot be used –
'Keys' are specially guarded secrets passed unto the worthy by 'true Masters'

It does occur sometimes that someone naturally develops some abilities. Whenever this happens , almost always, one's ego grabs hold of it and uses it to demonstrate... after a while – one uses up the accumulated energies and can gather no more – the gift has been lost.

∞

Life after Enlightenment

We are essentially Beings of Light growing into god-hood

When one achieves enlightenment – the Mind-Space becomes fully illuminated.

While we were incarnate into the Vessel(body) – we are in the infant stage: there is male and female sexes for the Vessel.

Once we become enlightened and leave the Vessel – we are considered an adult - In the adult stage there are no sexes (no male, female). *Why?*

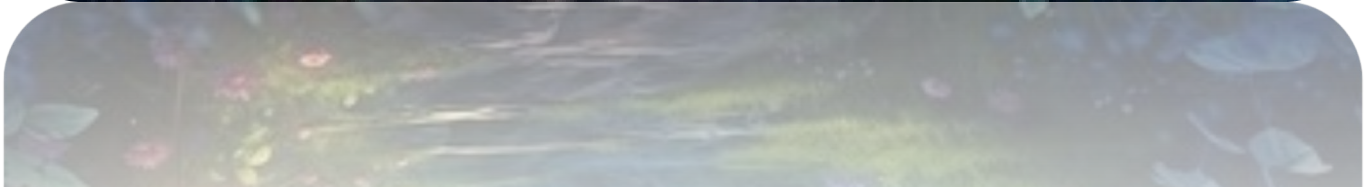

When the Mind-Space explodes and one is born into the Kingdom of God – One is born as formless Beings of Light.

Beings of Light create no friction as Light - they pass through each other.

This does not mean they cannot take form – they can take any form they choose: One can become a tree, the next moment a horse – it is fluid and dynamic – never static.

Enlightenment is not the end of Perfection – it is only the beginning.

Your own Verse

As existence moves from one perfection to the next so too is One's ability to grow.

Enlightened Beings have many choices and options – this includes moving higher and higher. Of course there is a cost, it is not free – it requires effort of a different kind.

At the highest, the Enlightened Being (that has left his body and born into the Kingdom of God) can attain to their own Verse – their own 'Uni-Verse' within God's Uni-Verse.

Then one's true power is attained as a Creator – One is no longer a Being...

One transmigrate beyond Light –

One becomes their own Uni-Verse itself - One becomes a VOID – Consciousness without form. Within HIM and yet ...

There are countless unique 'Verses' within GOD the INFINITE's UNI-VERSE

It is not correct to refer to One's Verse as One's Verse or Uni-Verse because –

You are IT – there is no ONE, only the Verse – You are the Creator Force in that space. One can create Worlds or any kind and within those World – Sentient Beings of any kind.

One can take form and live with One's creation - The possibilities are endless.

When GOD the INFINITE sleeps – all Verses sleep with HIM.

∞

The In-Between

Where were you before you were born?

Or perhaps, the more *correct* question would be – did any connection exist between your mind-space and some ‘*other*’ place before you were born in this ‘shared space’ – this realm, this objective world?

There are those that see this ‘Earth’ as hell – or, at-least, the place where Adam & Eve were cast out to. You are free to look at it from any perspective you wish – that is your right.

In previous essentials – I commented on the parable of Adam and Eve – I said that the snake in the story was not the Devil/Satan but was GOD the INFINITE in disguise.

The fact is; NO evil can exist in the real Existence.

But why is that so?

It is so because all Existence stems from and is sustained by GOD the INFINITE. GOD is not a spirit that moves around – HE is NOT an entity – HE IS ALL THINGS.

From the Real Reality:

- Earth Realm is not Hell – it is a realm created to assist our spiritual growth (and other positive things)
- One cannot enter here without being *pure* or *purified* – *One must be unburdened – Clean.*
- A newborn baby is pure. Looked at from a more correct perspective – a newborn baby has been *purified* before being born here – this time around – yet – the personality that will evolve in the new vessel will be unconsciously colored by the mind-space.
- The Mind-Space hold all of the memories from all its past lives

So what exactly is being purified?

If it is the being, one's mind-space, then if that's purified – it would mean, one no longer has any darkness – hence one becomes enlightened...

NO – it is not the mind-space that is purified in the in-between – it is the personality – the personality that was created – that grew after you were born into the world (the objective realm – Earth) – The personality that committed sin here on Earth.

But why can't the personality just disappear after we die? -

Do we not exist as a formless being in our mind-space? With each incarnation we develop different personalities? So why then can't the personality just DIE when we disconnect from the body (death)?

It is not so simple – the personality cannot die just like that – there has to be a process to deal with the personality and the sins it accumulated.

Why? It seems absurd! Does it not?

No – it is not.

All things stem from and are created out of him – including the personality – the personality is always unique per each incarnation; it is a false mind-made entity that we utilize while in the body – it is a MIND creation – and evil only exist in the MIND.

When the MIND was functioning in the body, while alive – it (the mind) was powered by Consciousness – the ONE UNIT of CONSCIOUSNESS in your mind-space.

That Consciousness – YOUR consciousness BIRTHED that personality – that personality is a SEMI-CONSCIOUS ENTITY – it is NOT you – it is your false self; hence, it accumulated sin.

First -that accumulation of sin MUST be purified or else it will have to exist until GOD the INFINITE Sleeps

Second – That personality contains shadow-mind (darkness) and during your time in the Earthly Realm – if Light does not triumph over darkness – if darkness was not transmuted to Light by you - then a way has to be found to deal with that darkness –

This is what the in-between was created for – to deal with purification. Some call the in-between HELL.

The hidden secret – an aspect of LOVE: { The Being always moves higher and higher – becomes more and more pure during each cycle – incarnation – weather by your own efforts or by HIS way. ALL is uplifted, all – ALL is touched by GRACE: the divine law of Ascension. You may be aware of it or not – it makes no difference. We are always moving higher and higher by HIS LOVE }

I label it the 'In-Between' because it is a time-space that exist in-between your death (disconnect from the body) and reincarnation into a new body here on Earth (the objective realm)

Every time an individual is born here in this realm – on this earth – a small portion of darkness from your mind space is selected to be used as shadow-mind, your mind, your personality. This darkness is selected to be worked on - to be transformed into light – this is one of the main reason you are here –

This is also the reason when one becomes Enlightened – one cannot be reincarnated here – there is no more darkness in one's mind-space to be transformed to Light. Their Mind-Space is all purified Light – All darkness transmuted.

***Note:** Please remember that you (the real you) is the being in your mind-space – you are not a personality.*

There are two fundamental secrets:

- 1) If your personality is not transformed – if you do not reach enlightenment in this incarnation then the personality is lost. After it is purified in the in-between – that darkness is transformed into light and returned to your mind-space (you have more light in your being but through a horribly painful process)
- 2) If you do achieve enlightenment or come close, then the personality is saved. The time spent in the in-between may be very, very short if you are very close to enlightenment.

∞

Question: what happens if the personality is saved? Does it become your personality in the mind-space, your being?

Answer: A saved personality can be accessed or utilized in your own VERSE after you attain to GOD-HOOD. It is never lost or destroyed – it can persist and used however you so desire.

Question: You said that we are One Unit of Consciousness from God the Infinite in our Mind-Space so how can we have any darkness in our mind-space?

Answer: The mind-space is a gradient of ever changing light/darkness. There is no such thing as darkness – only less and less light. With this in mind we come to understand how God the INFINITE can move from one perfection to more perfection – to make it more clear:

As we become more perfect – the FATHER becomes more perfect – it is a UNION – A UNION MYSTICA

Once, there was a Mystic that prayed to God and said “I love you and I need you but – my God, you also need me...”

We are bound to God the INFINITE –we are his children – yes and we are part of HIM.

From Him do we come from and from HIM do we return - AMEN

What happens in the In-Between

The guardians of immense power that watch over the mind-spaces are responsible for the technology that is used in the in-between. It is a technological-space that exists in a special dimension.

When your body dies here on Earth and your mind-space disconnects from your vessel – the connection is moved to a new-body in the in-between.

The old way of looking at sin/karma: Every incarnation, we accumulate or burn away (remove) karma/sin by doing good or evil deeds – if there is excess sin/karma – then it is accumulated into the next incarnation...and so on.

That view is incorrect. It is not like that at all

Also; some religions interpret their holy text to say that ‘the day of Judgment’ is a one-time event for all of time or a single event at the end of time.

This is also an incorrect view.

Judgment occurs after every death (disconnect) and all sin/karma is dealt with immediately – without delay. It is judgment ‘on the personality – never on the being and no karma or sin is passed on or accumulated for the next life.

{Just think of what would happen if things were left to accumulate and accumulate and then at the very end of time we have incalculable karmas/sins – it would be a nightmare. Even worse, after each life, our mind-space would get darker and darker – more and more evil. We would become DEMONS – not remain Human Beings. Because we are part of HIM – what do you think would happen? !!!}

This is how/why all babies are borne ‘pure’.

∞

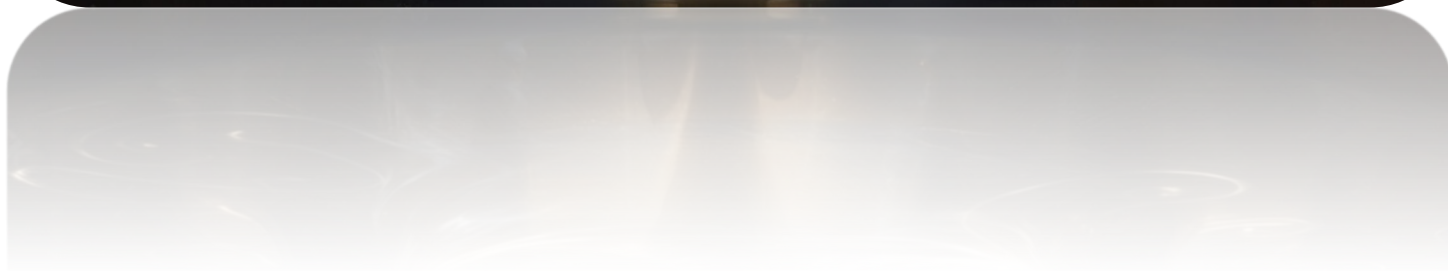

Unless you are enlightened, you will go through the in-between after death and before reincarnation – rebirth.

In that space – a few thing:

- First - All the individuals (personalities) you did wrong to will have a choice to ‘deal with you’ or leave it to God. If they choose to ‘deal with you’ for the wrongs you have committed onto them – then when they are finish – those wrongs will be struck-out/removed from your list of sins and thus your list becomes smaller.
- Second – You stand before GOD the INFINITE – that vessel will have no mouth – for you cannot speak lies to HIM – HE passeth JUDGEMENT ONTO YOU.
- Third – YOUR EVIL is MADE MANIFEST into a DEVIL by HIS DEVINE POWER – your time in HELL is determined by your darkness as ORDAINED by GOD (JUDGEMENT)
- The time spent there may be several to millions of lives. The tortures you endure there are limited only by the extent of your wickedness. It WILL include all the tortures you have done to others – magnified and much more. Each time you are tortured to death and brought back – it is counted as one life – many individuals spend millions of lives there.
- The body you connect to is designed to magnify pain many, many folds. It is designed to maximize torture.
- It is an insanely horrifying experience and I will NOT go into detail.

The only saving Grace: He IS a compassionate GOD – as such, no matter how evil you may have become – HE does not keep you in hell for all Eternity or ALL TIME – your time there will be according to HIS JUDGEMENT – but never all Eternity – Never!

Question: How can everyone the personality harmed or did evil to, be ‘present’ after the personality dies and goes into the ‘in-between’? Some individuals will still be alive here on earth.

Answer: In that space – ‘the in-between’, time moves differently. There, a few seconds may go by and everyone that was alive that you did evil or harm to will seem to suddenly be there – a line-up for you! –But much time would have gone by here on earth – they would have all passed-on. This is how they will be present to choose to ‘deal’ with you or not – one by one.

Also – before it is your turn to be ‘dealt with’ – you may be in a line-up for someone else that have wronged/sinned against you.

That is what it means in our holy books that “you will see/meet all the individuals that you knew before on the earth – those that passed before you and those that passed after you’ that were once touched by you.

After the personality’s time in the ‘in-between’ – its meta-form of darkness would have been transformed to Light by God’s mighty power through the process of ‘purification’.

That purified Light is returned in its Alpha State to the mind-space that spawned it. Now, there is more Light in your Being.

A higher state of Light.

Judgment and Free Will

Only GOD the INFINITE can judge Mankind –

The Holy Bible: “He is the one who will Judge the righteous and the wicked” (Eccl. 3:17)

The day of Judgment exist because you were given free will. They go together.

One cannot be judged if one does not have free will – that would be absurd. If you do not have free will then you would be some kind of robot or automaton – a programmed entity not an alive being.

The Divine Man (Enlightened) cannot be judged because - fully illuminated cannot do evil.

Many people talk about destroying their enemies – Since we are ONE UNIT of CONSCIOUSNESS of GOD the INFINITE – We cannot be destroyed.

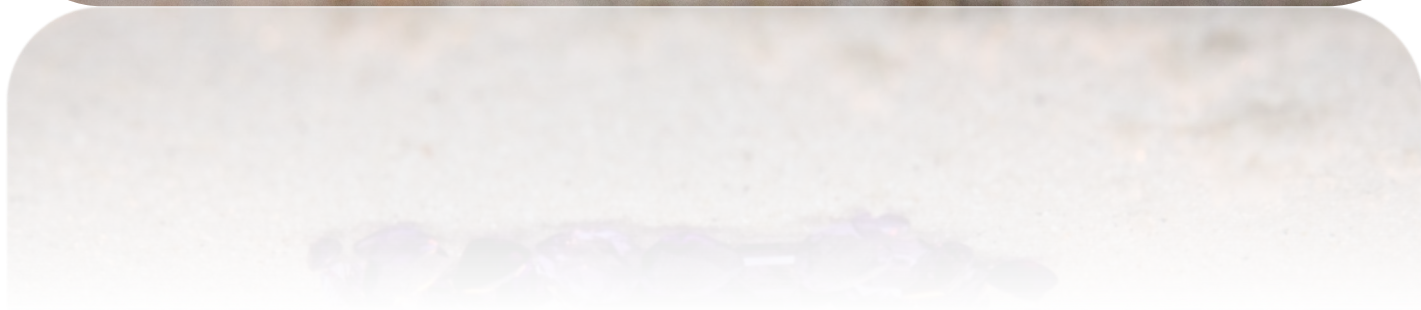

When I say ‘we’ I do not mean the personality – I mean the being.

God cannot destroy part of himself – HE cannot destroy ‘you’ – nor would HE wish to because HE love all his children –

What HE will do is ‘transform’ – if you have fallen so low that you became evil – then HE will purify you – by fire – this is Hell –in the end you will be PURE again.

∞

God is not Evil

There is no such thing as Darkness - only Light and less Light

God cannot be evil because the creator God is pure Love –

If this is so then how can the Bible talk about a 'vengeful God' and a 'jealous God'?

Be careful when looking into scripture; at times, it may reflect aspects of the reader;

The Bible and other holy book talk about God in relation to : Wrath - Vengeful - Jealous - and the day of Judgment – Hell.

know this:

The Creator God contains ALL - that means there is NO-Thing(nothing) missing but this does not mean the Creator God is evil/the devil/etc –

It is important to be clear on the fact that {Evil only exist in the Mind-Space} –

NOT in Existence –

Outside of our Mind-Space is boundless Light - Oceans of Light

- In that Space: ALL is Holy - moving from Perfection to Perfection –

No Darkness - No Evil

So then how can we be punished in 'Hell' or 'pay' for our sins if there is no evil in God? - (meaning that God is not capable of Evil/hate/harm etc)

I already mentioned in the Essentials #1 that the only place evil (shadow mind) exist is in the Mind-Space - the Mind-Space is where the real you exist (your true nature is formless) -

- I. As the Bible states: only God can be the Judge - but what it does not state is what happens after the Judgment - it only state burning in the hell fires for eternity.

∞

- II. It is your own 'evil' that carries out the tortures in Hell on you - This is done through the principle of 'Reflection' - know that Reflectivity is one of the first aspect of Consciousness - that is why Osho speaks constantly on 'polishing your mirror' - he is sharing one aspect of Consciousness –
 - III. This 'Evil' is a reflection of what exist in your Mind-Space - it has no tangible reality - it is an absence of Light - a dark spot
 - IV. it's not the evil that God is capable of - its the evil you are capable of that is the limit of your experience in Hell
 - V. Hell is not a place - it is technological (though very, very advanced) – in a physical place, there may be a possibility of escape but in a technological Hell - there is ZERO possibility of escape! hence, we are bound to our deeds - our actions - our sins
- Our karma. this is why the Mystics whom have grown in compassion always try to help or share wisdom with their Human family - out of compassion, they wish to reduce your suffering - not only here on 'Earth' but in the place where you will be judged and sentenced for your actions-sins.

If God contains all - does he not contain the Mind-Space? thus the evil?

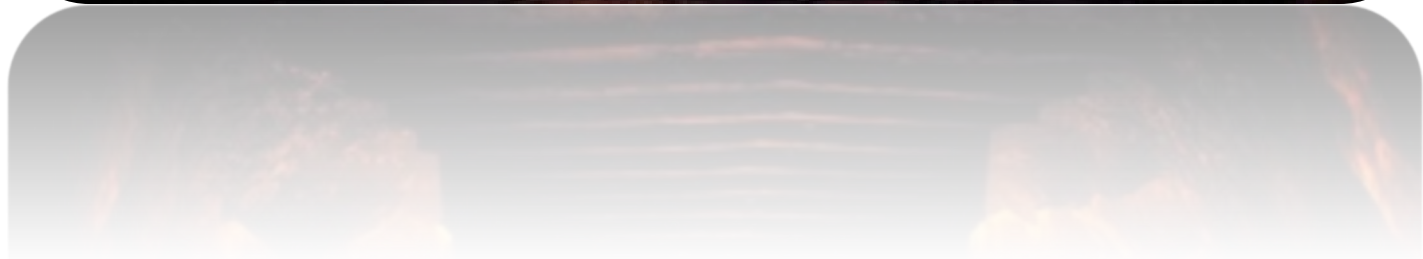

No.

The Mind-Space is a protected space - a specially encased space - the inside is protected by an encasement from the real Uni-Verse and only when you become Enlightened (your body-dies) then does your Mind-Space gets filled with all Light (no more darkness) - then there is a Consciousness explosion, the encasement breaks and (purified Light - perfected Light - burst into the Uni-Verse of perfect Light - one is born into the Kingdom of God)

The Perfect unites with the Perfect.

In the Bible, it cleanly stated that God destroyed Sodom and Gomorrah and many others - does this not show that God is capable of anger/destruction?

God is capable of Everything – in this case however; No.

It is their Evil made manifest by the reflectivity principle that ultimately brought destruction to them – Their evil is mirrored (made manifest) back to them.

So, isn't that an aspect of God? No, you have to understand a little more deeper - the Great Law

The Great Law holds existence together - it interpenetrates all the spaces in all Realms - This Great Law is the MAIN aspect of God –

The Creator God - the Creation Force that binds everything in PERFECT harmony - together.

The destruction that happens in the 'inner space'(subjective world - real world) and the 'outer space(objective world - this Realm) is a direct result of the reflectivity principle - When there is Judgment dispensed and only as ordained by the (Judgment of) God -- carried out by the darkness of man - made manifest by his Almighty Power.

Know this: if there were no evil(darkness) spot in you then there cannot possibly be any pain/torture for you - any harm coming to you by decree of Judgment from our Creator God - why?

because there will be no evil in you to manifest to carry out the Judgment - you would be full of Light.

Hidden aspect of Mind

First

Mind 'exist' as a 'bridge' between the Vessel(body's senses-nervous system) and the Being (Consciousness in the Mind-Space) .

ALL suffering is 'identification' with mind...

When the Mind is me: {I feel hot/cold/sad/angry/lonely/hurt etc}

That is why – going past Mind (no-mind) is Bliss – beyond pain and suffering.

NOW, I watch the Mind – {I use it when I need to and turn-it-off when not needed} –When the mind is 'off' I feel no pain, no suffering.

Another aspect - Mind is the 'trainer' for 'Spirit in the dual realm - *a sort of blind guide.*

why is this?

because, a newborn(you) is empty, does not have 'knowledge/experience' - needs some guide to lead it into darkness - into 'getting lost'.

This is intentional - it must be so.

One can only come home - return - if one goes astray - gets lost in darkness.

Only Mind(Shadow-Mind) can do this - it is designed for this ...

8

Second

Normally, we live in a subtle state of madness - why?

because we ignore our misery - we engage with distractions.

The root reason for our unhappiness – ‘we’ are not whole –

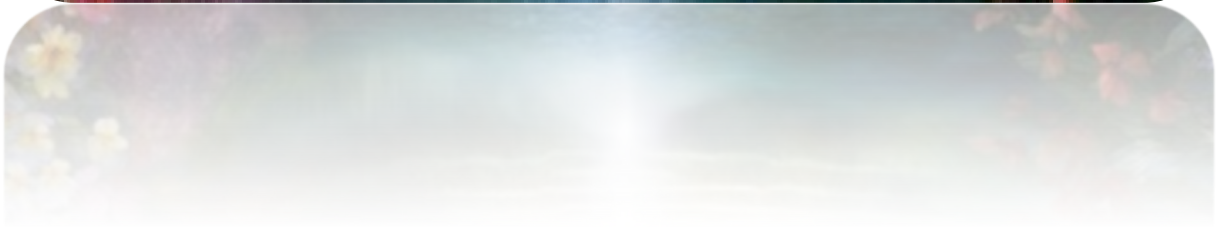

We use distractions to keep us from looking at it - from facing it.

We engage in movies, games, food, sex, a hundred and one things but misery sits in our stomach watching , waiting - biding its time - then it attacks in waves - gnaws at you –

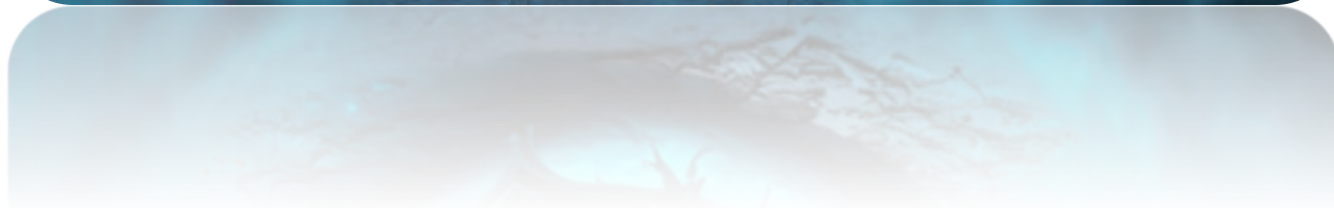

Pushes you into the realization that something is missing - something fundamental is missing - one day when you are whole - when you have become wholesome it will depart - it will smile and say goodbye - its work is complete.

Now you exist with the absence of misery – You are Wholesome –

Wholesome is Holy.

∞

Darkness and Power

The weak seek to find and possess power - they seek to control others - thinking that this will give them power.

That authority and control over others is real power –

It is not - it satisfies the ego - it feel good but it is not real power it is only the illusion of power –

Real power is having control over oneself .

The control the weak seek over others becomes a possessing force **of** them - they are possess by it –

They themselves becomes the 'controlled' without ever suspecting it –

This is how darkness takes hold of the minds of man.

This is how darkness takes control of individuals - by trickery - by tricking the weak – our would be rulers into enslaving, exploiting and harming others.

The way out of this trap is to ‘watch’ your mind. If you spend 15 minutes watching your mind each day, you will simply be amazed – what has been going on without your awareness.

Watching – bringing your attention to your mind – slowly dissipates the darkness – this is a simple way to grow ‘Awareness’.

Awareness is Light.

8

Lies vs. Truth

What is the function of lies?

To deceive, it serves darkness.

What is the function of Truth?

Truth serves no function - It is an aspect of Light - It is in service to GOD the INFINITE.

If we choose to live in truth then we begin to align more with Light, cast away some of the crusty substance formed around our being.

This fine substance has accumulated for thousands of lives - it has become hard and crusty, encasing your being cutting you off from fresh sources of energy.

If one get deep into energy fields - energy work - looking into one's life field(s) - one will come to see this phenomenon of blockages and misalignment of the fields of energy interposing your Being.

It is very real – Heartfelt prayer and meditation is like taking an internal shower - it cleanses and washes (for a while).

The Chosen People

No one group is the chosen people of God - that is a fabrication for their own gain - a clever fabrication done in the past and made to seem as truth –

Never forget – We are One Unit of Consciousness of GOD THE INFINITE.

There is ‘no choosing’ – ALL is needed because all is a part of one WHOLE or the ONEness.

This is why you should never put yourself down – ways and means have been devised to bring down the energy and feelings of God’s Children –

It is a Satanic Principle at work in this place.

We are all the Children of God - equal in worth - unique individually.

That is our glory, our heritage.

Sin and Morality

The human body is not sin - sex is not sin

The body is not sin - it is a gift and it is beautiful –

The perversions of lust comes from suppression - any natural energies suppressed causes distortions and these distortions manifest as perversions -

This is what happens when you suppress the natural energies - you put them in an unnatural state - like imposing celibacy on a priest –

What were the results?

- All kinds of perversions that played out behind closed doors.

This is a Satanic Principle at work.

It is natural to love our bodies - to embrace it - this love of the body turns to love of the Creator because our bodies are gifted to us from HIM.

If we look at the body as Sin then what are we really saying?

We are saying that God gifted us Sin —

Then, HE is a Sinful God - this is **not** true —

It is not correct.

Sex is your very Life Force - it is the most potent force in Creation.

- It is your raw Creative Energy - it Creates - it Procreates –

It brings forth Life itself.

You must go through it before you can get past it.

If you try to suppress your sexuality - to hold back, to become celibate by force then you are impeding/harming your natural growth and as you move through life you will be missing fundamental things that will harm your spiritual life.

If one does not go through it then what happens is - it will always have a magnetic pull, it will be shiny - it will be a hole in your Being and you will not be able to reach any peak spiritually because you are wounded –

You have holes in your Being - There will be very powerful forces that will hold you back –

What are these forces?

Your Life force - your sexual energy is the same force that created the Universe –

We are Creator Beings - When we attempt to suppress our natural energies, to hold them back, to bury them by force of will –

What are we really doing?

We are dividing our energies - dividing it into two parts –

One part being suppressed and the other part acting as ‘Will’ - doing the suppressing - so we are using our own energies against ourselves –

We will lose - we are the loser

How so?

First you have split your energies - so you use the vitality of one part to suppress the other part - you are left weakened –

Significantly weakened.

∞

The energy is an alive phenomenon - it is an alive force - so it will take revenge on you - it will wait and wait for a time when your 'Will' is weakened, then it will spring up and take revenge - this is how perversion manifest - this is the secret behind it.

The Positive Route

In living a natural life - you are living a Godly life - all things in moderation.

Then sex is part of your life - then you love your body and you do not see it as sin - then you are not sinful - there is joy and happiness -

Then you Love God because HE gifted you this beautiful Vessel to experience the beatitudes of Life - then life become a benediction - then you move closer to God naturally without any effort.

When this happens - real prayer - real meditation becomes possible –

because your 'total energies' is not subjugated - it is fully functioning - you are not energy deprived - you are not in a misery - you don't have holes in your Beings –

Then no Satanic Principles can operate on you - you are naturally free - potent - powerful - you can reach heights and only the high can jump to the highest - then a meeting - a communion is possible.

This is the Positive route.

There is the negative route also but it is ugly, miserable and full of all kinds of darkness - it depends on you, what route you wish to take and it should be your choice - not imposed on you by others.

This is the situation today - we found ourselves caught in a trap concocted by the darkness (negative route) and implemented by the 'do-gooders' - those that were deceived by the darkness -who think they are saving you even if it means killing you – it is just absurd.

∞

Growing Human Beings in a Pod vs. Natural Birthing

Until now the esoteric and the scientist believe that attracting high ordered souls to a Vessel (newborn baby) is somehow connected to with lineage or genetics.

This is not so.

If a society or a people wish to attract higher order souls then they would foster the sanctity of relationships - they would ensure the relationship between man and woman is not interfered with - is not perverted by others - then in that sanctity- in that cleanness - that purity of love between the woman and man - the higher order soul will be attracted to that union - to the vessel resulting from that union - then we have a chance

That is why the Satanist seek to degrade and pervert the Divine Man and Divine Woman - to make them homosexual, sexually confused and generally mislead them from God.

Love is not an Emotion

Normally we think love is an emotion - a feeling - it is not - it is a State of Being –

It is reaching a state of non-duality - true love is not something felt in the heart - that is emotional love - that is of attachment of care, of affinity –

True Love is experienced in no-mind - with cessation of mind - of thinking - this can be experienced in deep prayer or meditation - when one transcend mind - we are all capable of this - we all have that ability but it is something to be discovered

- It is one of the greatest adventure one can have.

This adventure is waiting for you - it is always there - just a heart-beat away.

The Fallen Ones – Before the fall

Genesis 11:7 Come, let Us go down, and there confound their language, that they may not understand each other's speech.

At that time, human beings were big in stature, deep in intelligence and powerful in body. We all descended from a common ancestry and thus our vessel – skin color was the same.

The same group of advanced beings that later came to the earth and interbred with the 'daughters of men' – whom I termed the 'fallen ones'; first came to Earth before their fall. In the Holy Bible – it is detailed in Genesis 11:7

They became *jealous* of Human Beings (many reasons for this but I will not get into this now)

The first incursion as *documented in the Holy Bible* talks about them taking the 'original man' and creating the different races, 'scattering' mankind to different parts of the earth – forcing different languages (their creation) onto us.

Once they became fallen – the perversions multiplied and after the 'great war' – the experimentation on human beings started.

This Prison

We live in a 'Prison' masquerading as a Society, as a World.

The world is really, a giant open-air Prison -

A global Police State.

It is run by force. A global cult made up of secret societies, various organizations and private companies - runs this global Police State.

- The world as seen in movies and TV shows is nothing but a fiction – a script. The real world is NOTHING like that at all.
- Most of what you see on the TV News are lies and fabrications – actors with a script, mostly government paid contractors - acting.
- From one perspective, we are tax cattle on a tax farm –James Corbett
- The reality however; is far worse – we are considered Slaves to be harvested for their profit.
- They control everything even you are unaware of it. We are monitored, surveilled, drugged, slow poisoned, psychologically attacked, mind-controlled, harvested and experimented on 24/7 – 365 days a year without your knowledge and consent. This is a fact you may not be aware of. It doesn't matter if you are part of the cult – it happens to you too, just at a lower dosage.

In the Essentials I, II, III - I go into detail about this prison, the techniques and technologies used to enslave, control, experiment and harvest Human Beings.

[Gen. 1 Verse 26 to 31]

“...let them (Man) have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.”

- God has granted 'all' his children dominion over the earth and all it contains.

- Not so long ago, most of the lands of the earth was bountiful – fruits, vegetables, herbs, nuts and berries grew everywhere – wild animals were plentiful everywhere. There was such abundance than no one could go hungry – food was everywhere
- Over time, the bloodlines paid to have all that abundance, systemically destroyed, erased from the land – only leaving farm lands they own/control.

Before, food was free everywhere – now you can only buy it from the Prison Cities supermarket. Most foods are dead poisons in a box or can – little or no nourishment. The so called fresh fruits and vegetables are sprayed with poisons known as pesticides – Our children and families consume that – it is simply madness.

- The ruling class has claimed all the lands of the earth for themselves – that leaves nothing for anyone else – their plan (Agenda 2030) is for everyone to be enslaved, surveilled and controlled in these high density zones - 5 minute cities – not owning anything, not even a car or house and being happy.
 - This is just a modern take on the concentration camp – where you had nothing because you are imprisoned – in this version, you are mind controlled and your body implanted with technologies that connect you to the Sentient World Simulation (SWS). A military simulation of the real-world in Real-Time –
 - Changes/rules etc made to your digital twin in SWS gets downloaded and implemented in the control systems of your brain/body. They can change your mood, implant suggestions, erase memory, turn you off/on or take full control of your body and do whatever they wish.

You have become a BIO-ROBOT.

- Over time, as the Satanist (bloodlines) system of control took hold in the lands – it was transformed into a prison. More and more people got implanted with the control technologies – those that did not want to be part of the system of control was butchered, murdered and generally gotten rid of. The plague of full mind/body control took over the entire prison – now only the controllers and their contractors are left.

- Almost everything the feed us is a lie.
 - The current population of this prison is about 110,000. It never had Billions of people – Over population is a lie. So, why the lie?
 - The over-population lie creates fear: there is competition for limited resources - then there is scarcity - there is mistrust - there is greed - anger - hate - too many people in too small a space - not enough for me -hard to breathe (they are taking up all the air!); causing too much pollution with their waste and always crime - so much crime!
 - Yes - the specter of over-population plays nicely into the fear based mind-control system working on your mind
 - Other fear based mind-control psy-ops: Terrorism, Pandemic, Climate Crisis..and so on.
 - The 'current year' that is given to us is created out of thin air - not synchronous with 'the past' - Our history is fabricated.
 - I cover this in more detail in previous Essentials

The Lord has given you life, given you freedom; they have implanted technology in your brain and body -to control and manipulate you - remove your God given privacy and freedoms - they are anti-God, anti-life, anti-human.

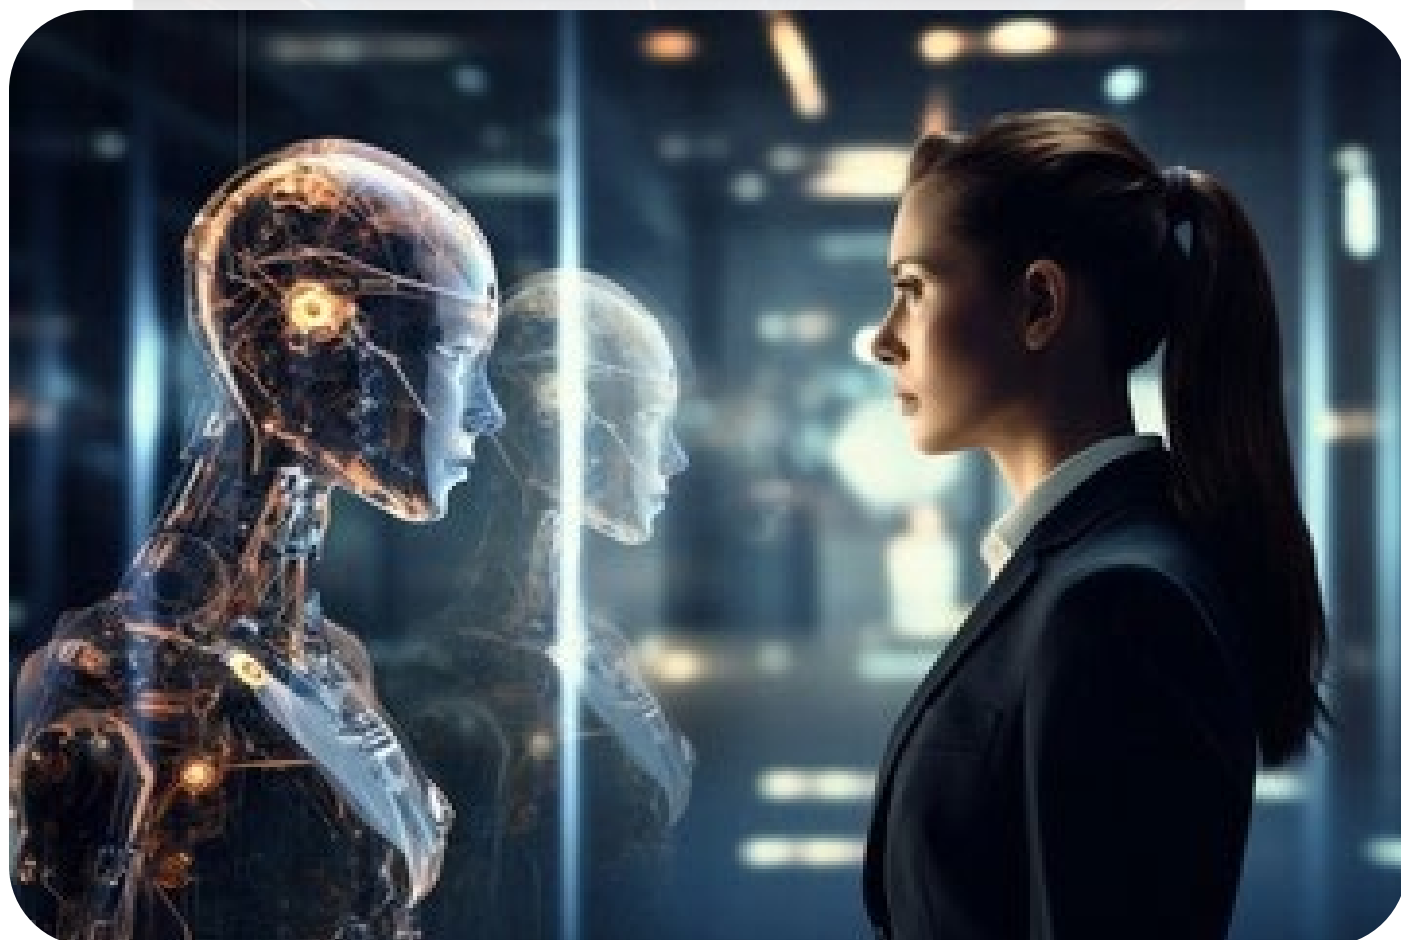

They have desecrated your inner-temple and enslaved you from the inside out - do you think they are your friend?

They are your enemy - the enemy of mankind.

If we were the way God made us then we would grow naturally and all our vital energies would be in the service of our physical and spiritual growth - we would live in freedom - blossom into flowers of real Love and thus come to know Truth.

This is a real Life - the Life that was stolen from each and every one of us - replaced by nightmares –

Nightmares so subtle that we are not even aware we are caught in them.

Control Technology of the Prison

Who is it that actually does the implanting of human Beings? –

The Secret Service contracts out this work to contracting companies. – They have full access to your house or apartment and if you have a security system – they have a wireless ‘off-disarm’ button. They flood your place with knockout gas that last at-least 3 hours – then they proceed to do to you and your children, family – whatever they are told and sometimes whatever they want.

This is why the Secret Service is Secret – Secret means criminal (it has to remain a secret because it is against the law).

So, in every ‘country’ you have a criminal service.

They not only implant technologies in people – they do almost anything their controllers tell them to do – this could be disfigure or damage your body or the body of your family members. It may be poisoning, theft, hypnosis-mind control, sabotage, delete evidence, copy information and the list goes on and on.

Technology

A wireless two-way, radio frequency connection exists between you and the computerized control system(s) – the Military Control Cloud.

Systems designed and programmed to ‘control’ you 24 hours a day, 365 days a year – from birth till death.

Hardware for the Military control Grid is embedded in your environment and connects to you via micro-implants in your body and head. All powered by 2.4GHz to 5GHz microwave frequencies – no batteries needed.

The microwave grid exists in every city, in every country globally. Also, your device(mobile phone, tablets, smart watches etc) emit 2.4GHz microwave RF radiation that powers all your implants.

Your every thought monitored – every action scrutinized. All without your knowledge and consent.

8

The Neurological(NeuroTek) Technologies in your head and body implants (you did not know you have) –allow for full on brain(Mind Control) and body control.

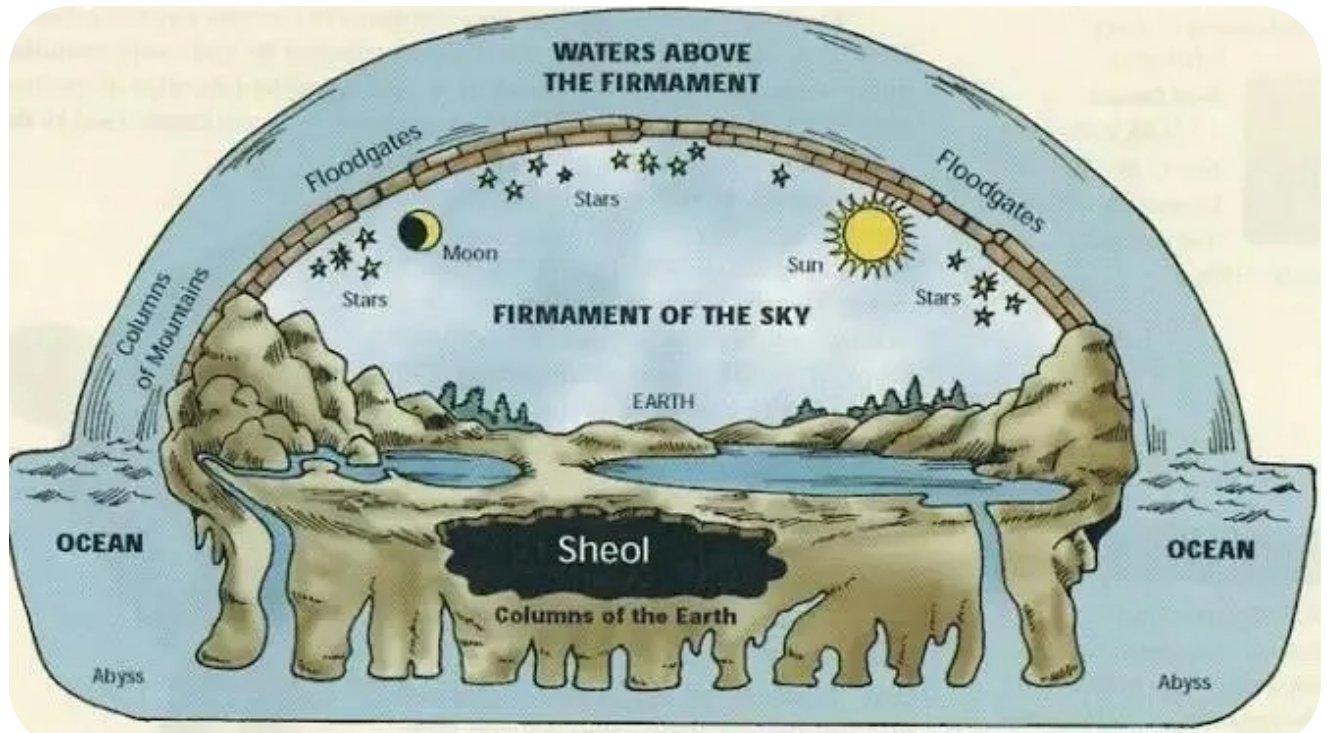

You can be remotely ‘turned on/off’ (consciousness).

- Pain of any intensity can be induced in almost any part of the body that the implant affects.
- Micro implants in the nose bridge allows for remotely triggered suffocation (if you have snoring problems or sleep apnea) then its implants.
 - Shielding the nose bridge with aluminum foil brings immediate relief.
 - Using a small Neodymium magnet placed on right / left side of nose bridge caused to stick. Move the magnets to parts of your forehead to see it stick to the electrodes under your skin. Instant detection.
 - Metal detectors you purchase from stores will not work – The implants send a RF code to the metal detectors to ensure they are not detected. The Secret Service owns most of the metal detector companies and have agreements with the rest.
 - Making your own basic metal detector (just a few parts) will work.

There are many technologies implanted in the Vessel (body). Most is done at birth, others when young under the guise of some emergency surgery etc.

These are the main two I have covered in other essentials:

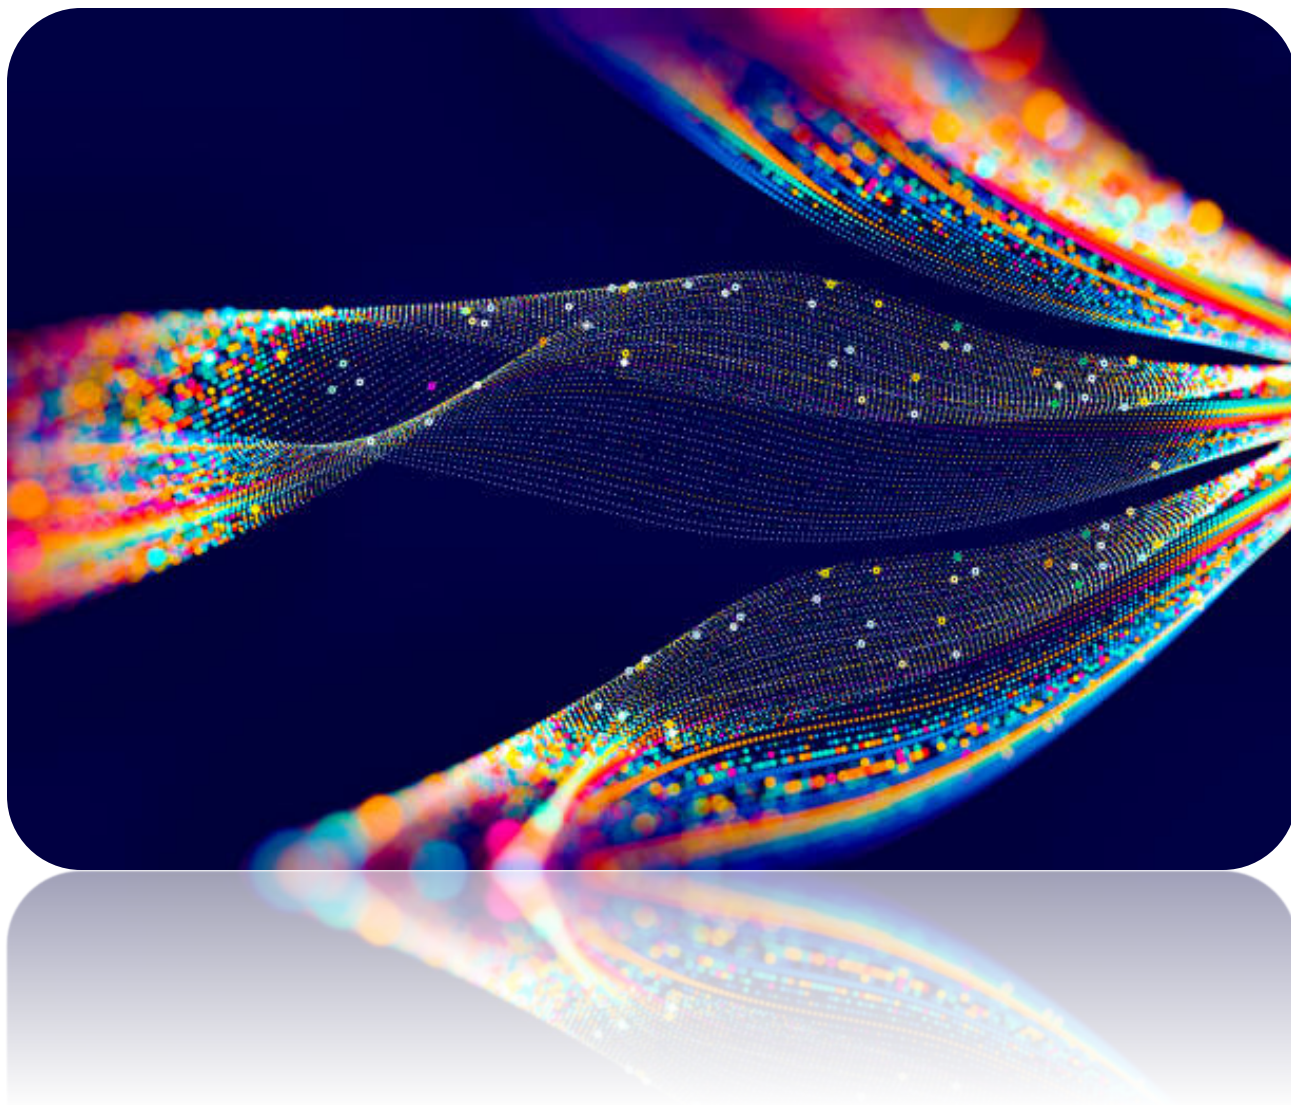

1. Remote Neural Monitoring (Remote EEOG)
 - a. They use this technology to monitor and identify your brain signals (from the EEOG electrodes in your head) Remotely – so it has a wireless transceiver that connects to devices in your environment – no matter where you travel – once there is a military transmitter/receiver systems(they are EVERYWHERE in this prison – even at the beach or in the forest).
 - b. There are military server farms that you are always connected to – you have your own profiles on those servers – this includes your social credit score and mind-body control profiles, security profiles etc.

- c. They can play back any of your brain recordings directly to your brain in real-time to make you 'feel like you are reliving that experience' – it can be hatred/anger/rage/sadness/loneliness/happiness/suicidal thought/sexual/afraid/fear etc – anything you have experienced/felt in the past – they can play it back, amp up the power level and even put that in a loop. They can drive people mad or make people into something they are not – a criminal, rapist etc.
2. Remote Neural Cloning(Heterodyning) – Using the NeuroTek in you -they take full control of your body/mind in real-time without you knowing it. This is a hack on the 'technological connection from the Mind-Space to your Vessel(body).
- a. Individuals that are being Heterodyned have no idea there are military/government/scientist/psychologist/surveillance and even cult members that can connect to you at anytime – all without your consent or knowledge.
 - b. For a detailed description watch the 'War on Humanity Part II' video on my website: www.juliandevante.com
 - c. There are two modes: Passive Mode: They remotely connect to your mind/body as if they are you – see what you see, feel, taste, smell, hear and aware of your thinking.
 - d. Active Mode: Lower the strength of your consciousness while at the same time increasing the strength of their consciousness connection to your body(using the Neurotek) and take full-on control of you as if it were their body. They can then talk and do things – from the perspective of an on-looker : it is YOU doing and saying it – but in reality it is NOT you – it is the remote hetrodyner.
 - e. The Military personnel that engage in this kind of technology testing – refer to YOU as 'Wetware' just as we refer to computers as Hardware. No respect for our God given body freedom and mental sovereignty.
 - f. This technology was not invented by our civilization – it was our Ancient ancestors that created it – it existed before Biblical time – the Bible refer to it as 'possessing spirits' – it is NOT spirits –it is people using this technology.

3. In conjunction with the NeuroTek, they use Deep-Hypnosis, Subliminal Sound Auto Hypnosis, mood altering frequencies, drugs, pharmaceuticals, fluoride, toxins, poisons, sedatives, memory altering/wiping drugs and the list goes on and on – its horrifying.
4. The vaccines given at birth and early childhood are poisons to harm the brain – it contains metal particles that will be absorbed by the brain and stay there for the life of the person. those metal particles act as an amplifier for your brain's electrical signals and is used by the injectable electronic implants to easily record/playback (signal is amplified by the metal particles).

We are connected to the military control systems from birth till death.

Many industries are disappearing as they depopulate their own people but the cybernetic and mind control industries are getting hundreds of Billions – almost unlimited funding. All the resources are pouring into systems that enslave our mind and bodies –

This is a war on Humanity –

Are we so distracted and self absorbed that we cannot see what is being done to us?

Our lives have been reduced to a remote-controlled puppet show for their entertainment - as we are covertly harvested for their enrichment - it is beyond belief and beyond evil.

This stuff makes the Nazi's look like schoolboys.

Note that technology in the past was much more advanced that today – history as it was sold to us is a lie.

We are kept in the dark about the real reality and the real way things work. Our technology is akin to that of the stone ages(except for mind and body control cybernetics) to ensure we never find out the truth of things and not escape this prison.

The Three iterations of Slavery

Slavery 1.0 - Physical exploitation of your labor (restriction on your movement/location):
Physical (Plantation etc)

Slavery 2.0 - Physical and mental exploitation (Wage slave, choice of employment):
Physical + Mental (Modern day company worker)

Slavery 3.0 - Physical - mental and cognitive exploitation (complete harvesting of all aspects of human beings) Physical + mental + creative + spiritual + will-intellect + all potential energies + all hopes/dreams/aspiration – (Transhumanism – we are almost there completely)

Systems of Possession

The Heterodyning Technology - the greatest calamity to engulf the human race.

Heterodyning - A secondary connection to an individuals' vessel/body from a remote location by an individual or group of individuals.

Through this technology - there is an entrenched system of parasiting that squeezes the human host for maximum pleasure or maximum destruction

When a host or group of hosts (humans) – connect to your body – they can feel what you feel, see what you see, touch, taste and hear the same as if they were you. It is ‘possession’ of your body without your knowledge or consent.

This technology have been used in a hundred and one ways – from raping children remotely to murder and theft. It is used for sexual gratification and millions of other uses – it is an important part of your ‘enslavement’ as you can be turned on/off or taken control of against your will.

This is the perfect ‘enslavement’ tool and it is very real – used on a daily basis by those in power and more so now by the military police for control of the public.

It is *beyond terrifying* because it can remove your free will completely – if they want to make you look like a bad person then it is very easy – if they want to make you do a certain thing then that too is easy.

Until this technology is completely destroyed – the Human Race will NEVER be free.

Levels of imprisonment in this Prison

We live in a small part of our realm (know map)

- in a small part of the map known as a Country
- in a small part of the country known as a city (prison)
- in a small part of the city known as a building
- in a small part of a building known as a room
- in a particular part of the room
- in a particular position (for hours)
- In a hypnotic trance staring at the programming screen
- data mining your brain and body in real-time
- if you are a target: inducing pain in your body or brain or both
 - you are drugged up
 - sprayed with gasses or poisons or both (impede you movement and cognition)
 - turn you off/on at their whim
 - harvest your blood/semen/spinal fluids/other body fluids for profit(sale)
 - perform real-time hypnosis and mind control using implants in your ear
 - remote trigger of suffocation(electronic water boarding) implants in nose
 - replay pain & psychological torture directly into your brain using the cybernetics in your head
 - induce a heart attack with the implant on your heart
 - induce crippling pain with implants in your body and spinal cord
 - administer electric shocks into your brain at increasing/decreasing power levels through the cybernetics
 - blank your mind temporarily using EDOM(Electronic Dissolution of Memory) –Cybernetics
 - erase your thoughts (Cybernetics)
 - implant thoughts
 - Take full control of your body via heterodyning (brain-to-brain)

Basically - you have been made into a remote controlled bio-puppet

These technologies not only steal your freedom, it blocks the growth of your very soul - The God force in your heart never gets to guide your growth.

Harvesting the Prison Cities

The old way is now being replaced by more centralized control – this is the old way:

Each prison city is carved up into grids - each grid is assigned a controller - much like a mob boss for that area. Their objective is to exert full control on everyone in their territory and extract as much as possible -make as much profit off the people there as possible.

Every month - those above them get their cut and those below gets their crumbs.

The main objective is to keep the masses distracted and engaged while they do whatever they want –

consolidate more and more power centrally – pursue dark agendas such as transhumanism all the while exploiting your family and children with various technologies at their disposal (heterodyning etc)

All glory belongs to God –

Therein lies the problem: They want to be the god here - they want to control everything and everyone - they want complete control.

Humanity must be free from this nightmare – for our children, families and future generations of the human race.

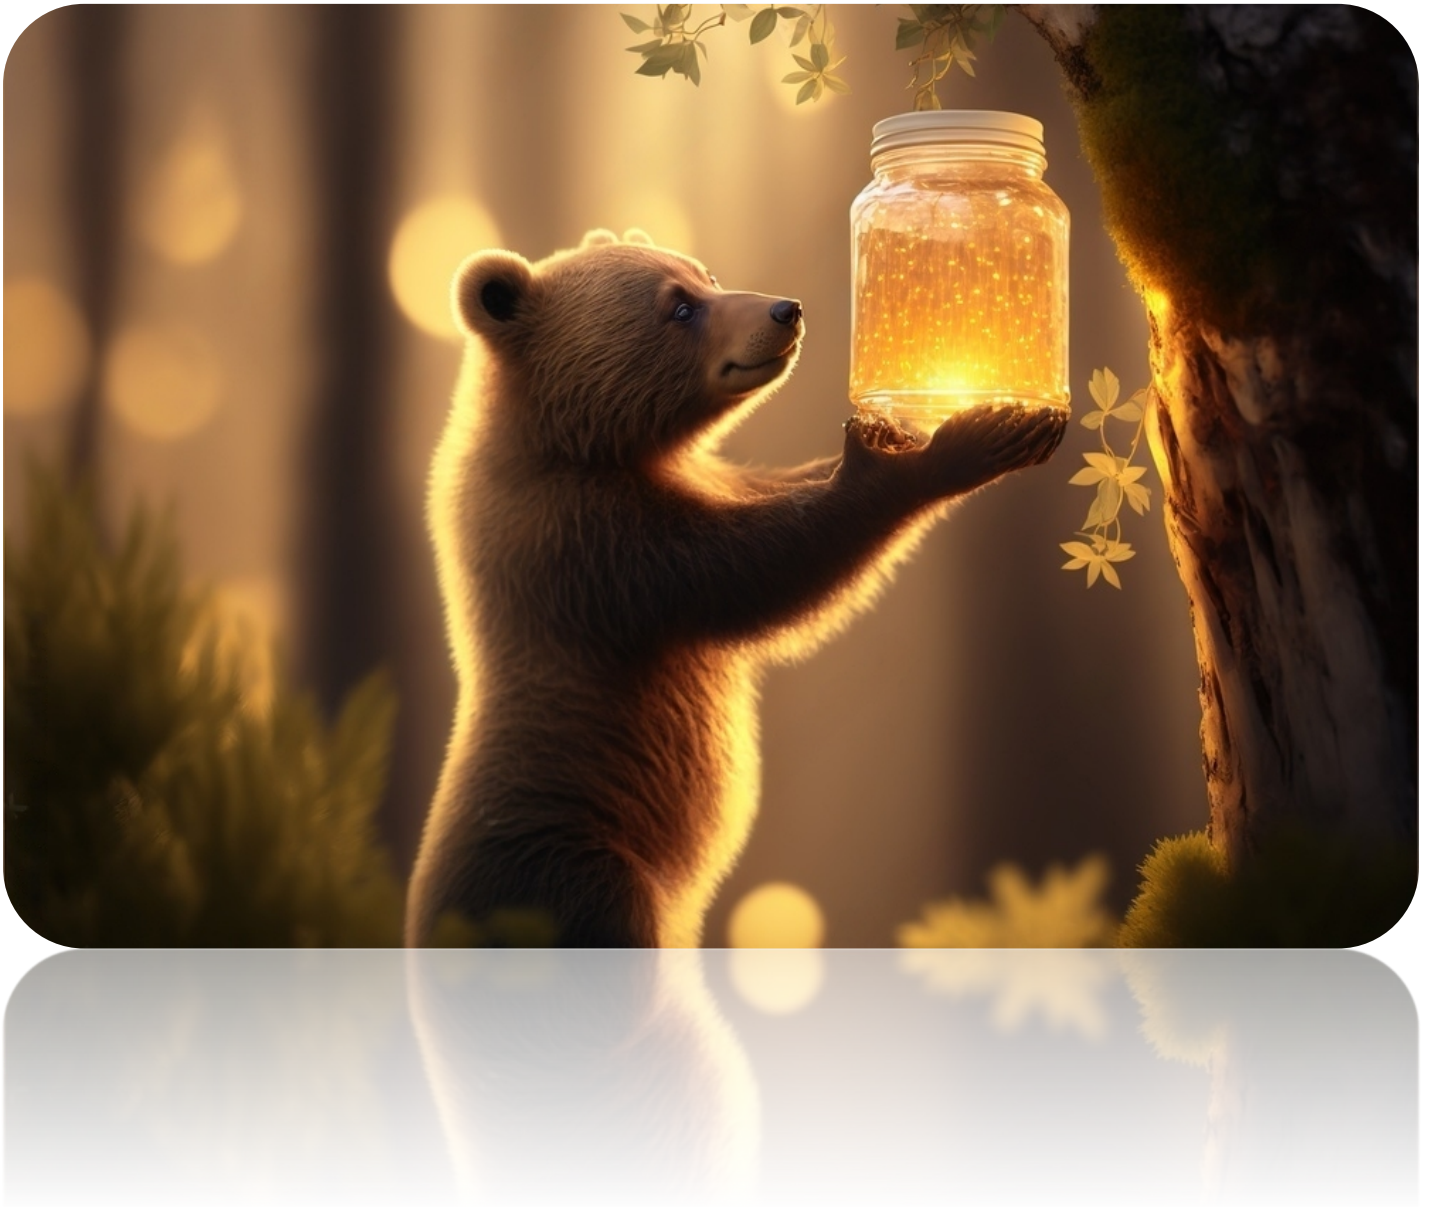

Research: Silent weapons for a quiet war

Note: We are not saved by belief nor are we saved by anyone's blood - we are saved by our deeds and actions and that is supposed to be in our hands - it is supposed to be our choice.

Do not let others make that choice for you - not a manager, not a controller, a president, any so called authority figure - do not let money make that choice for you because then it will be the false god of money that rules over you –

LET NOT OTHERS RULE OVER YOU - rule over yourself; for God is within you.

Life and abundance

What is Life?

Like everything – Life can be looked at from many perspectives but at its core -

Life is God the Infinite -

We are on a discovery here in this life - to explore and enjoy life in all its abundance, in all its glory.

Every time we discover more about life - we discover more about God - a different aspect of God or deeper on a singular aspect. Happiness, Love, Harmony, Light, Energy, Power are only a few - there are others you have not yet experienced.

Those experiences are waiting for you.

While to the mundane mind - life may seem limited - to the awaken mind - the fact is clear

- life is unlimited - This is so, one need to become more awake to taste more
- Anything that truly limits your life - that limits your potential - is an obstacle to be overcome if you are serious about spiritual growth

Beware:

Thinking they are an obstacle - many would easily give up their children or family - this is where one needs to be sharp - Your children, family could never be an obstacle to your spiritual growth - it is the opposite –

They are a blessing if you can look deeply into it - but one would needs to be bold, strong and truthful to approach this fact.

Abundance comes from the land – God has granted man dominion over the whole Earth – there is no need to be imprisoned in the prison-cities (be surveilled/policed/taxed/ and hooked up to the control grid).

It is our birth-right to have our portion of land.

If we live our life without land – without living on our portion of land – then life will be a long drawn out suffering – filled with all kinds of addictions and miseries. Land grounds us and connects our vessels to the divine powers abundant in the natural world – without it we will be weak and miserable – *we will be domesticated and enslaved.*

Disfiguring Men and Women

Again – the Secret Service contractors (military Contractors) gets contracts to do these things to almost everyone in the Prison.

Their strategic plan is to distort and disfigure women and men - to remove their beauty, their grace.

They state that the reason is to remove lust and immorality in the society.

But privately, the real reason for the distortion of our natural beauty;

It is to disconnect us from divine love - a love that goes deep, so deep - it surpassed the physical - it becomes so strong –

It takes on a magnetic power that pulls you - enchants you - cast a spell over you and you are completely hypnotized by it –

This is what natural beauty does - it renders their mind-control technologies useless, powerless - this cannot be allowed –

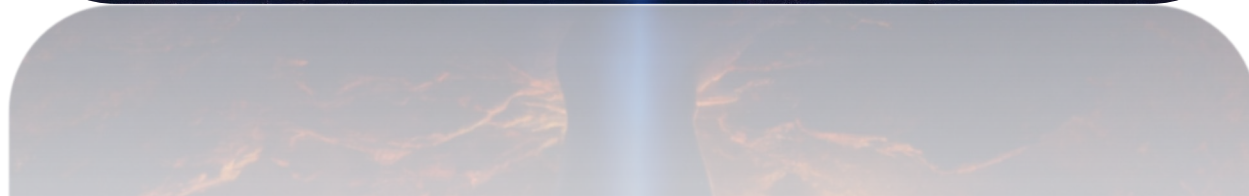

Their mind control weapon system must be made all powerful and anything that hinders it must be dealt with –

Love - True Love renders their technology useless - Natural beauty is a key, a stepping stone to Love - hence the disfigurement - the uglifying of the human being - it is Satanic - very subtle –

Most people are unaware that military contractors are coming into the residence and doing these horrible things to them – usually in ways that's not very obvious – at first – but over time...

If you destroys someone physical body and beauty – there is less chance they will experience, care, compassion, tenderness, attention and love from another...

they will become more isolated – They have learned over a long history of experimentation of Mind-Control that the better subjects are those that are isolated, vulnerable – so they find ways to break up families and turn everyone against the victim. It is simple when you control almost all the resources - and even easier when almost everyone is on 'their' payroll.

The Hidden Laws as a Weapon

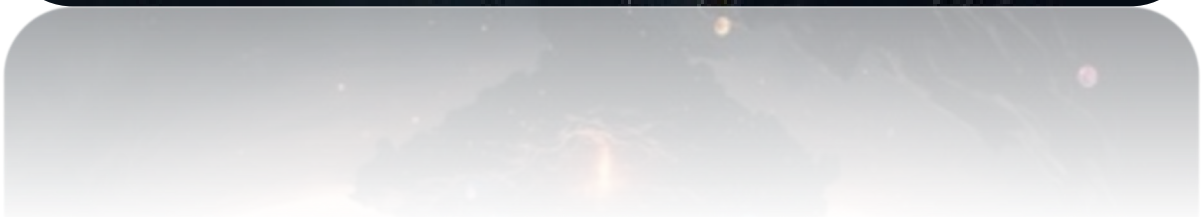

There are many law in existence - most are hidden - kept secret - there is a law that works on nature and intent which amplifies virtue - when more and more individuals participate in goodness, in kindness, in sharing - it is amplified - it becomes a current, the subtle rises above the main stream of energies flowing in and around this place - it is like an infection - it starts to spread - you will find more and more people everywhere starting to share, to help to be more open and kind -

The controllers running this slavery prison know of this hidden law –

They created a system of scarcity, fear, mistrust and greed - of removing value from Human Beings and placing it to dead objects(material things) - creating all kinds of violence and hatred towards fellow man –

This law will spread that - will spread it like an infection far and wide until everyone is infected - that will be the dark current running through this place - this is how we fell - this is how we lost the war for humanity long ago.

They used this hidden natural law against us.

Money

Money is needed for War –

To build bombs, guns, tanks and prisons, mind-control, technologies and secret police - money is used as a tool to enslave humanity, to keep you in debt and in cages - cages for your body and mind –

From birth till death you are beholden to money and their money system - it is a subtle slavery system.

The trick is to get you to place more value on money (small or large amounts) than on human beings - that is why human beings can be bought with money - their energies can be bought with money and cages can be built with money - cages to enslave you and your family

It is a cunning deception - to move the value away from life, from the Divine Human Being to objects - to things

All these things that are factory produced that run on electricity - most of these objects are there to make us weak, to control us in some way, to connect us to their technological system of control –

To wield control over us - to profile and harvest us - most if not all is junk - we do not need them - yet we are taught and programmed to place value on them - more value on worthless things than on Human Life -

Man has lived millions of years without this junk and we lived naturally, more intelligent, more strong, more wise and much more connected to life -and they do not like the truth because they do not want to lose control –

They will do everything possible to keep you distracted, deluded and ignorant of the truth –

They do not wish for you to see the mechanics of your enslavement.

Destroying Divine Beings

The real way things operate in this global Police State is kept secret – known only to cult members. The laws of the police state are only for the prisoners.

The cult members seem to ignore the laws as if they are above the law.

Satanism seems to be the underlying religion as it is pushed on everyone in both subtle and gross ways.

Full on Mind and Body control is implanted in our Vessels (body) – taking away free will, freedom of choice and mental sovereignty. Most individuals are unaware of this fact; hence they never gave their consent nor are they aware they are being controlled.

Again, most individuals are unaware that the Secret Service or their contractors routinely enters their residence and does ‘things’ to them, their family and children. They foolishly think that they have a really good alarm-monitoring system.

And yet again, most individuals are unaware there are only about 120,000 people in this ‘world’. Each city is looked after by a select number of cult members I call ‘holders’ – they basically make sure a city or a certain area is taken care of – of-course No one lives there – except the holders.

When-ever someone is making a video or a movie – the holders will gather together in that specific spot to make it look like that ‘place’ has people living there. Sometimes, they bus or fly people in from adjacent areas to make it look ‘busy’.

Almost everything we see on TV is fabricated –paid actors. The news is mostly fake.

So what is left?

Well, if this place is one big show then what is the point?

To keep you distracted and sleeping while dark agendas are funded and carried out in secret.

Dark agendas such as Transhumanism – turning humanity into Bio-Robots – for this they need to experiment on the population. A population they keep distracted and sleeping makes it so much easier.

Most of the population works for the cult – They print money for free and you have to work for it – of course you work for them – that give them much ‘control’ over you – from what goes into your head (the info you receive –who is bad and who is good etc), to how your time is spent each day – from what you are ‘allowed’ to do and what you are ‘not’.

How does a Satanist cult destroy Divine Beings – In one hundred and one ways - some described in this book;

It starts with your children – Pedophilia. They sexually harm almost each girl and boy from the age of 4 years old to – I don’t think it ever ends.

This attack on children is a coordinated effort between the Secret Service – and the men at the top and middle tier of the cult. These men feel it is their right to rape your children.

The Secret Service and their affiliated contractors - facilitate this trafficking of children – this is also done to women and men of age 4 to 16.

According to the cult – they enjoy raping boys and girls age 4 to 8 – after the age of 8 a child is considered too old – and is passed to the lower rung of the cult – this may be as a sex slave or to be used as ‘perks’ for lower level cult members.

These crimes are done to children in secret – it could be in schools or other places but their memories are always wiped using very sophisticated drugs and technologies.

They usually do not remember – because of the memory wiping – Parents are usually unaware; however, the surveillance and security personnel of the secret service and contractors are more than aware of it because they are the ones coordinating these covert crimes.

There is also the use of NeuroTek – heterodyning individuals (taking control of other peoples bodies), sometimes parents or family members to sexually harm children. The real attacker are remote and the person doing the action is unaware they are being ‘driven’ – sometimes, it is a group of heterodynes that participate

and feed off of the assault on children, women or men. These are covert crimes in which the perpetrator is unaware their body is being used to commit crimes. Later, they feel disgusted and cannot understand what has occurred.

These people are innocent but are usually locked up in prison for crimes they did not commit. – It is truly frightening.

When this evil is perpetrated against children at such a young age – and because Humanity consist of children growing up to be adults – those children have not only lost their innocence but have been deeply wounded mentally, physically and spiritually.

This one act of evil has crippled Humanity – why?

This evil perpetrated on young children, has not only destroyed their innocence but their *wholesomeness* – the victim becomes fragmented – sometimes perverted and at other time demented.

When purity and sanctity of the body has been destroyed – in the future – the union between a man and woman will not yield Higher Ordered Souls – it will result in low grade souls. Humanity will be degraded spiritually.

This is the aim of the Satanist. This is what they want.

If we cannot preserve and protect our children and their bodies then this will continue to be the outcome.

Why is Higher Ordered Souls important?

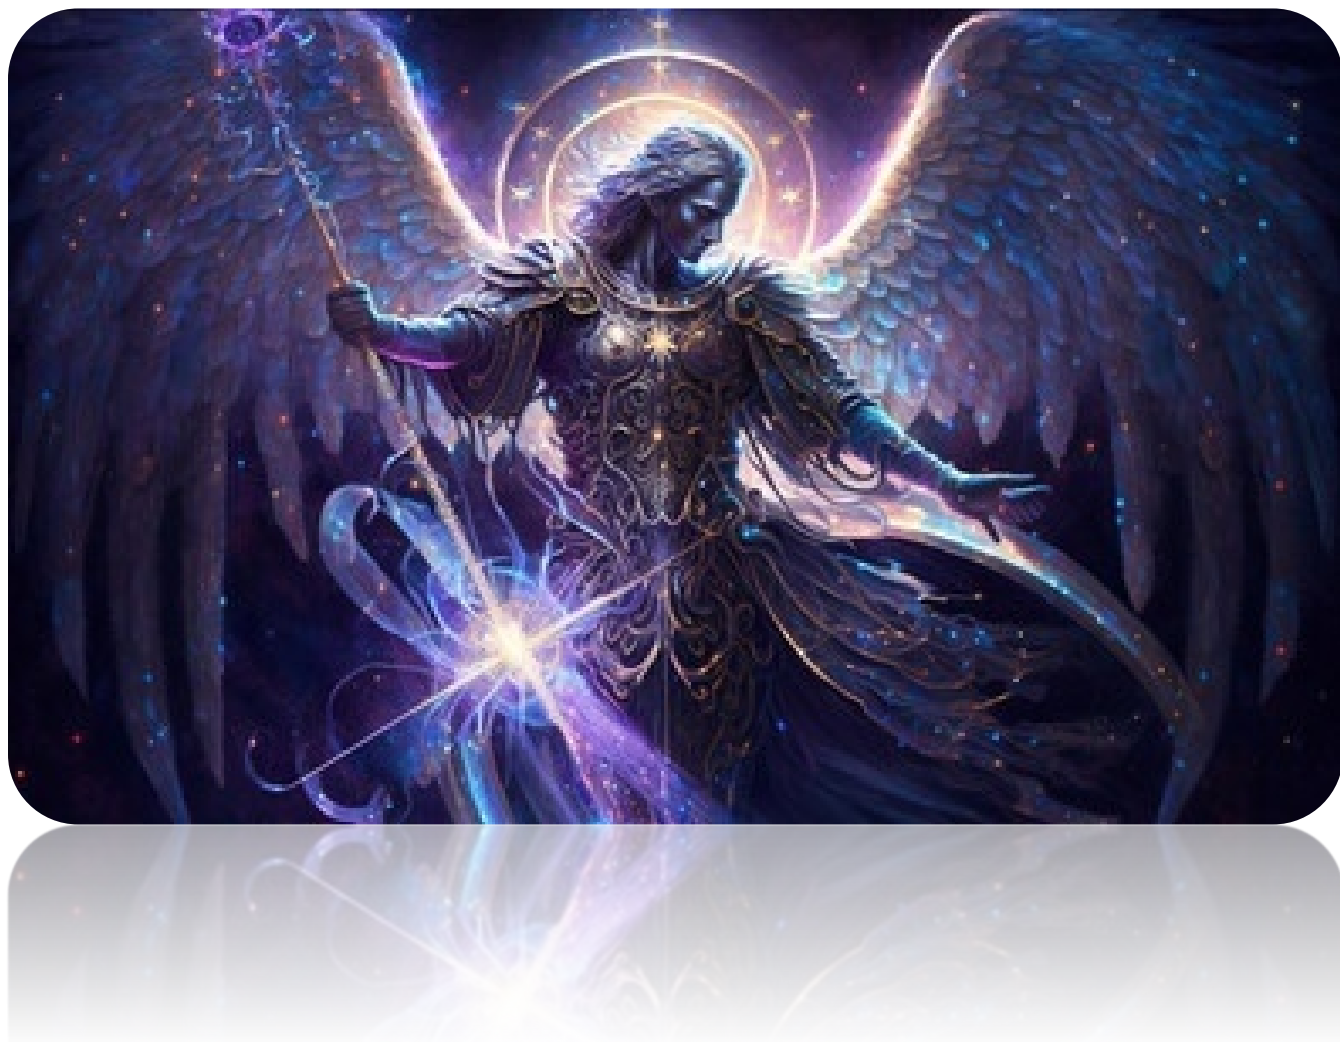

It is the most important – it determines every aspect of human life and the human experience –

Higher ordered Souls bring new insights from the Beyond, they create new and better technologies – they enrich Humanity in thousands of ways – they uplift the level of consciousness for all Human Beings – this is so because most are highly spiritually evolved.

Lower grade souls will not help improve the human condition – nor will they help us break free from this situation – this prison.

The situation today is – there are few High Ordered Souls – hence, our suffering.

∞

So I say again – protect and preserve the purity and sanctity of our children and their bodies – do not let our children be raped, harmed and abused by the Satanist or anyone.

This full on mind-body control – the transhumanist agenda must not only be fought against – it must be utterly destroyed.

They must not turn our children into Bio-Robots.

This is essential not only for their wholesomeness, their mental, physical and spiritual growth but also for a strong and **formidable, Divine Human Race**.

Reclaim our Divinity
