

# The Essentials

-Julian DeVante

*This E-Book is dedicated to my Daughter Cassidy, Son Alex and Zander.*

*You will always be my three blessings.*

*It is my wish that these essentials reach my entire human family whom I love even though they piss me off sometimes.*

Please do not expect this to be a standard book. It is more like a collection of points/statements. This was written in a strange way to provide the essentials – not to convince you of anything. Nor do I wish to bore you with excess garbage. I hoped for it to be simple and direct with no fluff or fillers.

In my understanding, there is NO conflict with anything in here and the Holy Books – Scripture.

In fact, I would say things would make a bit more sense once you understand some of the essentials.

If you can remember that we are here on a journey separately, yet together. This Realm we live in is abundant and vast. There is enough land for 100 billion people at least. We have been lied to about almost everything and we are under incredible invisible control systems since birth. In a sense, my struggles are your struggles – just you have not encountered it yet.

So, why not treat each other the way we would like to be treated (the Golden Rule), after all, we are here for a blink of an eye.

One last thing... True blessings are transference from the purest part of your heart to one or more beings. Science cannot understand these things because our science is primitive and Human Beings are the most advanced 'technology' in existence. This is why so many people are constantly experimented on – Know this:

***Experimenting on Human Beings has very serious consequences. By doing so we break both, mans Law and the Creators Law – The Great Law. It is one of the greatest crimes in Existence.***

## Introduction

The information presented here is not meant to be accumulated as dead knowledge. It is meant to be a tiny glimpse of what is or how things may be – It all depends on you – how it interacts with your understanding. It is my hope that it will assist in the expansion of your *Awareness*.

It is my sincere feeling that humanity has come to the end of an important cycle in our existence. Many fundamental aspects of our reality have been kept secret for far too long. If we are to evolve from our current state then the truth is required.

The information presented here is a combination of my personal insights and direct experience. At times I may refer to something someone said; if I do, it will be a direct quote with the person's name.

## Realms

Beyond matter, Light, beyond sound, beyond time and space, beyond it all is unlimited, boundless, endless Consciousness – the very fabric of existence.

There are infinite Realms existing in the same space at the same time.

The 'Great Law' is the thread that penetrates and is interwoven in all Realms

Every point of Time and Space is the center of Existence

The nature of our Realm is Light. The speed of Light is not fixed – It can be faster or slower. It is dynamic.

Matter is condensed Light

Sound, Light, Heat, Energy etc – is but different aspects of ONE thing – the same thing; hence, they are transmutable and can be changed into each other.

## Perception & Reality

### Who are you?

Finding out who and what you are is both your personal duty and a journey of discovery. A true spiritual undertaking that may require much from the seeker or it may require very little. It all depends on you.

Always remember: Trust your own experience and scrutinize everything else.

*With this in mind...*

According to our ancients, at our core, we are beings of Light.

They compare our physical bodies to that of a vessel in which our being resides/inhabit. Much like you drive your car but you are not your car.

∞

## What is Mind?

In trying to understand 'Mind', it would be wise to experiment/inquire/seek in silence within to truly grasp your own experience of what 'Mind' is.

According to some sources, our 'Mind' is a form of biological computer. I disagree.

The brain may be a form of biological computer or processing system. I say it's much more than that.

### **The brain is not the 'Mind'.**

The 'Mind' can be looked at from various angles.

From one angle – The 'Mind' can be seen as a bridge between the body/senses and your Being/Soul.

From another angle – The 'Mind' can be seen as a construct in the mental realm; hence, an artificial bubble in the sea of Consciousness – An enclosed space where the 'you' that you think of is – where the 'you' reside.

Now, it can be said that the nature of that space is determined by the proportion of 'Darkness/Light' that exist in there.

In that space there is no absolute. It is a gradient that is always changing.

Also of worth; in that space comes our perception of time (fast/slow etc). Many Mystics say that "Mind is Time" – Only in mind-space does time exist.

I say – Only in 'Mind' does 'Darkness/Evil' really exist – Outside of 'Mind', all is Light, all is Holy – ever moving to more and more perfection – never ending.

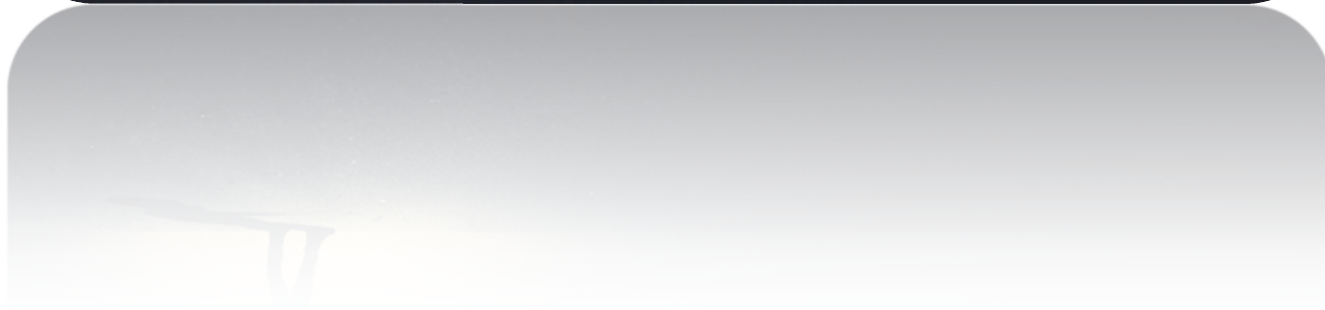

This is why the Mystics talk about Enlightenment continuously.

Enlightenment is bringing more and more Light – more and more Consciousness to your being – to your 'Mind' – until one day it explodes into all encompassing Light – No more shadows – No darkness at all.

Then and only then does that 'Mind-space' walls burst apart as it merges with the infinite Light.

Yet from another angle – This is my direct experience.

The 'Mind' is like a newborn entity created by the Lord – It dwells with our Being. Through-out our life. Our Being nurtures it, guides it, teaches it, feeds it.

## Bring more Light to 'yourself'

There are many ways to grow spiritually. Some people choose to pray deeply from the heart, some meditate, some combine fasting and prayer and yet some do spiritual exercises such as Yoga and Dafa.

It is up to the seeker to find out what works for you.

It is my experience that watching my thoughts, feelings and actions brings more awareness to 'Mind'. The more aware you become, the more light is brought into the darkness of 'Mind'. I also find Prayer to be a powerful means of dispelling the darkness. It is difficult however, to be in a prayerful state all day but not impossible.

It depends on the seeker – what direction, methods and ways as what works for you will not always work for someone else. I do however; find Prayer to be universal so why not try? There is nothing to lose and everything to gain.

***One note of caution:*** Sometimes individuals getting into spirituality get caught up with ideas of gaining spiritual powers. Know well that this is your ego/Mind tempting you into a certain direction. If you fall for this then you will be in a sorry state – There are consequences for everything. Of course there is the promise of powers etc but that is a lie. Anyone dabbling with dark magic or the dark occult will end up withered as these forces suck all your energy and give you back nothing. They exist to harm not help.

### **Know this –**

You are not the body

You are not the 'Mind'

You are not thoughts

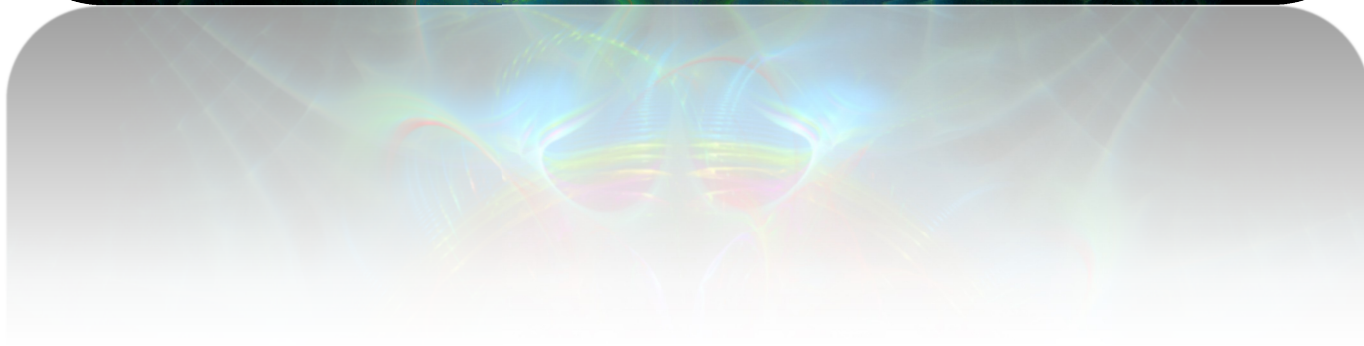

You are .... *It cannot be said*

In any case – If you have not yet awakened to your true self – since thinking is done through/by 'Mind'; hence, you identify with the 'Mind' - then it controls you – You become a slave.

If you have woken up to your Enlightenment, then you are beyond 'Mind'. Then you can choose to use 'Mind' or not use it. It becomes a tool to be utilized for logic, problem solving etc. You are the Master.

When you are near full illumination – many things can happen but in terms of the 'Mind' – there are moments when you can actually watch it depart and watch it come back. Through a certain inner faculty, you see a cloud of dark smoke as it lifts off your Being and departs. When it returns, a dark Smokey cloud descends around your being. In its absence you simply 'are' – no thinking, only an alert awareness.

∞

## Aspects of 'Mind'

### *The Slave State*

When we are enslaved by 'Mind' or when we identify with it, we think of the physical world in terms of '**about**' - An example would be – I think about a flower – it is pretty, it smells nice etc.

These are things 'about' an object, a person etc. 'Mind' is always '**about**' – To know 'about' an object is Pseudo. It is not real knowing. It is circular thinking. It is always aspects of a thing but never the whole, entire 'thing'.

Thinking as such requires time to process – it is never immediate; hence, the 'Mind takes Time – or rather, the 'Mind operates in Time.

### *The Master State*

When one becomes awakened – When we look at an object, we merge with that object. We become the flower or the person and 'Knowing' arises – There is no more 'about' – There is direct, instantaneous knowing.

Another aspect of 'Mind' to be aware of – in the slave state – 'Mind' can only perceive at most 50% of anything. An example is – if I look at you – I do not see the whole you – I only see the front or the back of you, not the whole of you. Even if there is a mirror behind you, I will still only see parts of you. I will not see inside you. Your thoughts, your energy, your past and future life etc – I will not see.

According to the Mystics – When one is fully awake or when one becomes a Master – You look and you see ALL. Nothing is hidden. If you look at a person, you see their past lives, their past, their future, their fears, their energy, their thoughts – everything; hence, you see the complete person.

I am only stating this because it is relevant to your current state.

Do NOT assume you know everything about a person or thing.

Sometimes we speak to someone and think we know them. You do not. That is the 'Mind' tricking you.

The 'darkness' plays games with you in which, at each turn, your **energy is dissipated** – but your 'Mind' is fed and becomes stronger.

∞

## Our UniVerse

What is the 'UniVerse' ? – a star system? – the Matrix? – a computer system?

No.

This is a 'Divine Verse' – the 'Divine Word' – Infinite multitudes of Realms existing concurrently – all held together by an all encompassing 'Law' – The 'Great Law'

It is difficult to understand because we are using the *wrong faculty* to try to understand the 'REAL' reality. We are using 'Mind' – a faculty that lives in and creates Time. A faculty that cannot – by its very nature 'Know' – it can only see things on the surface, even that – just pieces. 'Mind' is a faculty that exist in a dream like state.

It's like you are trapped in a dream and trying to ascertain the real world. Is it possible? You are attempting the impossible.

The correct faculty is Consciousness – Bring more Consciousness/Awareness to yourself then things become possible.

## Our Realm

This Realm we currently inhabit consists of:

- The Prison
- An Advanced civilization that runs the Prison

Our Realm is vast, expansive, abundant and bountiful. While your so called 'World' seems large to you with its continents and oceans – it is really a Prison--- Our prison is a tiny, enclosed space compared to our true insanely vast realm.

### Our Realm: Vast and Expansive - Abundant and Bountiful

#### The Prison

A small area that is artificially controlled- Much like Disney World

The area of the prison consist of all countries and seas.  
Everything we see on our fake map.

Prisoners are kept here: You are that prisoner

Technology is kept thousands of years old. So prisoners cannot escape

Your body is here: We connect to our vehicle/body

Technology connection

#### Advanced Civilization

Vast Area -Land - Sea Air -Not on our Fake Maps

You are here

## The Prison

A very long time ago – before Biblical Times, a super tiny part of our Realm was designated the Prison.

The Prison consists of all the land masses and oceans you see on your fake map. Your map is fake because it is a map of the Prison area (not the Realm) and not truly accurate at that as much is left out and some things are distorted.

Originally, one aspect of the Prison was used to assist the physical and spiritual growth of Human Beings.

What is known is; in the beginning, most of the entities inhabiting vessels/bodies here in the Prison were Beings of Light – Of high caliber Consciousness (what we called gods – small g). In the Bodiless Realm roamed the Beings of darkness (what we called devils – small d).

Over the cycles – Millions of Prison years – that situation was almost reversed. Today, the situation is not good to say the least.

Think of Disney-Land, you have all this stuff on the surface (the top) then you have teams of people and technology controlling everything remotely.

- They control the ambient light of the Prison (no, the Sun is not the main light source as we have been taught), the Moon and Stars are sophisticated display/projections. The Prison has an ambient light system that synchronizes with the Sun but is separate.
- The Prison is an enclosed system. There is a covering that we cannot penetrate – Our current Military tried all sorts of weapons to destroy it and failed. Past civilizations more advanced than us also tried to penetrate the covering/dome but failed.
- The weather, volcanoes, earthquakes, wind, oceans are also artificially controlled.
- The civilization that controls the Prison has more advanced technologies, knowledge and science but keeps the Prison/Prisoners in ignorance. In fact, they feed us massive lies about everything. This includes history, geography, technology, science etc.
- The technology and infrastructure in the Prison are many hundreds of thousands of years old. If you think the combustion engine was first invented in the 1900 then you are a good Prisoner.
- Science, technologies, concepts and ideas are carefully selected to keep you mentally and physically enslaved.

Concepts that keep us enslaved include (Just a few):

- Governments/Democracy vs. Communism – “Pay to be alive systems” – Max Igan
- The Money Systems – Economics and Commerce – CBDC/Smart Contract & Crypto
- Birth Certificates – Statue Law
- The theory of Evolution & the big Bang
- Scarcity and over population
- Wrong/misleading concepts in Math and Physics

- The Prison has a control structure the shape of a pyramid with the top controlling everyone at the bottom through a combination of Secret Societies – Military/Police – governments etc.
- I suspect the Prison goes through ‘Resets’ about every 150 years to ensure the Prisoners do not accumulate too much technology and knowledge to escape.

## Brief History

In biblical times, the advanced civilization operating the prison remotely – some of the Beings there decided to physically come into this enclosed Prison to interbreed with beautiful women.

This was a violation of the sacred laws. Let us call these Beings ‘fallen ones’

Previous to the ‘fallen ones’ coming into the Prison – from time to time there were gods (small g) -Beings with highly developed consciousness coming into our Prison from other Realms; however, they imparted spiritual wisdom to the Prisoners as they took pity on them.

The ‘fallen ones’ were extremely advanced in all aspects of technologies and began to not only teach Human Beings about their technology and concepts but began experimenting with our genetics.

So we have hybrid offspring’s in what the Bible refer to as ‘Men of Renown’ -Giants of old.

It is from this point that Human Beings lost/weakened our spiritual connection with existence (no fault of our own). Also, many of our innate abilities and gifts were turned off to make us more enslaved; limiting our capabilities.

At that time the advanced civilization launched several attacks on the Prison to destroy the ‘fallen ones’. These ‘wars’ are detailed in the Indian Vedas and other ancient text. Their weapons were very advanced

- even our current military technologies are primitive by their standards.

The devastation caused by the intermixing and tampering with the Prison was severe. The leaders of the advanced civilization controlling the Prison caused a great flood to wash away the abomination of what was happening in the Prison.

Unfortunately, that was not enough and the altered Human Beings continued (Underground bases were constructed by the ‘fallen ones’. This is how they and their experiments survived).

*I want to stop here for a bit because I do not wish readers to misunderstand what I am talking about. I am not insinuating here that God is the ruler of the Advanced Civilization. I want to make that clear.*

*It is my experience that the Lord God is not a person sitting in the sky but is the very essence of existence. He is within and without you and in/out of all things. He is all things – Omnipotent, Omniscient, omnipresent.*

Over time, a number of bloodlines (relating to the interbreeding) and secret societies arose to keep that knowledge, technologies and history hidden. This is what David Icke refers to as the Cult that runs the world through front organizations and secret societies. I will not go into this as David Icke covers it in detail.

∞

## Prison control Systems

With the survival of the bloodlines and the secret societies that possessed advanced technologies, knowledge and concepts; there arose a great split in the population of the Prison; those who had much power, knowledge and understanding and those who were simple prisoners.

### **Naturally, power corrupts.**

The objective of the bloodlines was to dominate and control the Prison. To accumulate and have absolute power as they saw themselves superior to Human Beings. Keep in mind that one of the objective of the 'fallen ones' were to experiment on natural, pure blooded Human Beings to decode their Divine secrets.

As they started experimenting on natural, pure blooded Human Beings they learned about the 'Dark Realms' and the 'bodiless realm'. They tried to influence and attempted to gain control of that realm so the entities there would assist them in their dark agendas. This is when 'Human Sacrifice' really took off in the Prison.

They learned that there are entities that feed on low vibration energy that is given off by 'Human Beings' when we are in pain/suffering/misery/anger/hate/ etc. They made a pact with these entities to keep them fed if they will assist them in their dark agendas.

Since that time, bloodlines and its associated secret societies (ruler of this prison) have been working on their agenda, covertly experimenting on Human Beings and keeping the entities fed.

These people have accumulated all the power, created all the institutions, corporations and taken all the land. They have managed to displace most of the populations of the 'world/prison' from the land to the abomination that are called 'Cities'.

They not only control the Prison but have maintained wickedness and evil, generated all kinds of wars and perversions (this includes Satanism/Pedophilia/Ritual Abuse etc)

*There are still ancient orders that is oppose to them here in the prison but they have gotten weaker over time.*

You have to understand that Cities are a perfect 'Prison within a Prison'. They are designed to extract as much suffering, misery, despair, perversion as possible and channel those dark energies to the center of the city where they are focused and used for satanic rituals. The very materials used in roads and in buildings allows for the channeling of negative energies.

In cities, you have to pay for everything and you really own nothing. Most people do not know that they do not own their vehicle, their house or the land it sits on. Your children (birth certificate), wife(marriage certificate) or husband do not belong to you according to their so called 'law'.

- Did you know that a Marriage License grants the city the right as a third party to your marriage – essentially this means there are three entities in this marriage – This leads to all kinds of perversions you may not be aware of.
- Did you know the Birth Certificate gives the state partial-ownership of your children? If you did not know this then you are a good prisoner.

Each city is a private corporation. When you reside in the city you are essentially ‘theirs’. Most places still have some private property rights but that is changing fast and soon you will “own nothing and be happy” – World Economic Forum (A private company with shareholders)

Enough about silly details – let’s talk about the control systems of this prison.

## Methods of Control

If you are to be experimented on and controlled you will have to be dumb down and kept in ignorance/false information. The main objective of bloodlines and secret societies is genetic experimentation. They care about nothing else. Their religion is Eugenics.

**Why? Because they think of nothing but to live forever.**

As a prisoner you are attacked in invisible ways and immerse in many forms of controls. They are in the environment and in your body.

1. Fluoride in the water –Fluoride is a neurotoxin. It reduces your thinking faculty and calcinates the pineal gland (spiritual eye).
2. Heavy Metals and Pesticides/GMO – These additives to our foods (vegetables, meats, dairy, packaged) Reduces your health, brings down your cognition and renders you ill. Although you will not know you are ill. Heavy Metals are also used for brain mapping and ‘Mind’ control by the hidden technologies within the environment of the Prison. There are also tiny, injectable implants in your body .
3. Your air is polluted by diesel/gasoline/gas fumes from vehicles. Your home/apartment building materials emit low grade toxic gases. You are constantly being bombarded by low levels of toxic chemicals from various sources including electronics and chemtrails.
4. You are now saturated by microwave radiation – If you look at your cell phone/wifi router/laptop/mobile phone you will see “operates at 2.4GHZ or 5GHZ” Look at your microwave oven in the back and you will see it operates at 2.4GHZ – this is the microwave frequency and they are bombarding the prison with it as all the implants in your body is powered by it. It damages our body.
5. The connection to get the data from your implants to their server farms is 3G/4G/5G/6G telecommunications systems. But the truth is there are hidden Military transceivers (two way communications) devices everywhere in the prison. You cannot escape it.

*Are you beginning to see the evil? Did you ever wonder when you were younger, why so much evil existed on this ‘earth’? –That is because you did not know the essentials.*

**Almost everything they fed you was a lie.**

“We are under a large number of control systems from birth to grave” – Robert Duncan

Does this all seem absurd, perverse and insane?

No? – You are a good prisoner.

Yes? You are waking up.

## Nature and Reason of the control systems

Remember we talked about the natural, pure blood Human Beings were spiritually evolved before the fallen ones came to the Prison? I also said that other than having sex with our women they wanted to experiment on us to decode our spiritual secrets.

The Beings know as the 'fallen ones' had much longer life spans than Natural Human Beings so they were able to advanced their agendas over long periods of time. They were able to clone themselves and they tried to use their mastery of technology to create a way to transfer their consciousness to the machine so it can be preserve for eternity and keep downloading it into new clones.

### **They wanted to live forever.**

They made great progress but were not able to transfer their consciousness/soul. They were able to imprint deep levels of their cognition only. This would be akin to extremely advanced A.I.

*Fast forward to today.*

The bloodlines have created a system of ultimate control in the prison.

They created prisons within the prison called cities to further enslave the Human Beings. These cities maximize suffering/misery/perversions and channel those negative energies to be used for satanic rituals and for feeding the entities around us.

To generate these negative energies, they manufacture: (just a few)

- Wars
- Poverty
- Economic downturns such as 'the great depression'
- Satanic cults – Pedophilia, ritual abuse
- Epidemics and sickness
- Strife and division/hate between Human Beings
- Promote fear and distrust

## Technological Control

When a baby is born in this prison, their blood is tested for certain traits. This can be spiritual markers, intelligence, creativity markers etc. When those markers are found they are placed in covert military program to be experimented on their whole life.

They are called "targeted Individuals". They will be experimented on and targeted by the military their whole lives, no matter if they move.

Things have degenerated to the point in which all the individuals in the prison are targeted and are having experiments being done on them covertly. Some are being experimented on a little and some much more.

The best ways the military/government keeps control of these people is to hire them. Hire them to do surveillance and perform other activities.

As soon as you sign the contract – they own you even more than before. You are now dependant on them for survival.

You are now a slave that will be used to surveil/harm/control the other slaves. This gives them top-down control over the entire prison population.

**Divide and conquer at its finest.**

*So what has really happened here?*

**Remember the technological link from the “Advanced Civilization” to your vessel/body here in the prison?**

Well, the “fallen ones” found a way to hack into it in such a way as to ‘multiplex/heterodyne’ it – this means to mix two signals together – connect their brain to yours remotely - that allows them to:

**Passive Mode**

- See what you see
- Hear what you hear
- Taste and feel what you feel
- Know your thoughts and thinking

**Active Mode**

- Shut down your consciousness and take control of your body
- Move your limbs – forced action
- Change your thinking
- Interfere with your thoughts
- Suppress your cognitive functions
- Forced speech – speak through you
- Pin prick/pinch themselves and you feel it - etc

This technology was originally analog based – then it was transitioned to digital. Originally, in the analog version there was only one human ‘body surfing/heterodyning’ you at a given time. Now, there are hive mind teams and teams of people that can be hooked into the system at any time. The military uses all sorts of psychologist/neuroscientist etc to work in those hive mind teams to conduct all sorts of experiments –they all connect to you in real-time, observe you as if they are in your body(because they are in a technological way). They also capture the real-time data via the implants in your body.

It is the ultimate ‘Mind Control’.

Unfortunately, this technology is used to not only surveil/control the targets but is used for criminality, stealing of inventions, business plans, corporate espionage. Take control of individuals to give away their inheritance, wealth, make absurd investments, and sign unjust contracts.

It is used to make different people do different things: Mind control you to be a gambler, an alcoholic, a sex addict, a pedophile, a murderer, a thief, a bank robber, a criminal. It can be used to convince you to become gay, to become Satanist etc. Make no mistake, it is actually used to do these things and much more.

One of the big problems that came with this technology is the **addiction**. This technology led to all kinds of perversions, like a massive rise in pedophilia, ritual abuse and snuff murders – as those heterodyning the targets developed an appetite for perversions. They would use the technology to have the target engage in depraved acts so they can experience it without having to go to jail for the crime. The poor target had no idea what was happening and must have felt ashamed at themselves – not knowing they were being body-surfed/heterodyned.

***Heterodyning/BodySurfing is more addictive than cocaine and meth.***

It became a perfect way for the cult to capture Judges/ Police/Politicians and other individuals in positions of authority. Then the technology became mainstream due to digitization and all hell broke loose. Now Satanism has almost taken over the entire prison because of this technology.

The digitization of the technology allows for transcribing your thoughts in real-time. This is called Natural Language Processing (NLP) that is being done by military grade datacenters with insanely fast computers. That is why 5G and 6G is so important – They have all this tech but the bandwidth – the connection to their data centers is not fast enough. This is also how they are able to read the thoughts of the target and actually, everyone in the prison.

Some Targeted individuals in special projects - have 6G transceiver modules in their stomachs. It is powered off of the ambient microwaves in our environment and some versions off your stomach acid. It is inserted via rectal feeding. Since the 1990's they had developed micro-robots that is rectal fed into targets. The remote controlled robots build all kinds of systems inside the targets body – This is how Transhumanism is being rolled out – From the INSIDE OUT. So once it is built, it cannot be removed. All of this is done covertly without your knowledge or **consent**.

**It is truly frightening.**

Another thing – while they have access to advanced technologies, we are kept in the stone ages. Our vehicles technologies are hundreds of thousands of years old. The prison infrastructure is prehistoric and our so called modern architecture is ugly- a gross box. They keep secret, things like Anti-Gravity technologies and other clean energy technologies.

*Remember I said we were lied to about almost everything to keep us ignorant and oblivious to the reality? Well, we do not have 7 billion people in this prison. If we had large populations in the past, they must have been wiped out bit by bit because as it stands now – our population is tiny. We never went to the moon and we have no satellites or space station. We do have high altitude drones.*

The world we think we know and live in is a fiction fed to us by movies and TV shows, magazines, text books, school, college, universities and our imagination. If we turned it all off, cleared our minds and just take a real look at our street, our city for one week, then we will begin to see the prison.

**It was all a trick – done by movies/TV shows and heavy mind control.**

*It is time to wake up...*

I had briefly mentioned the follow:

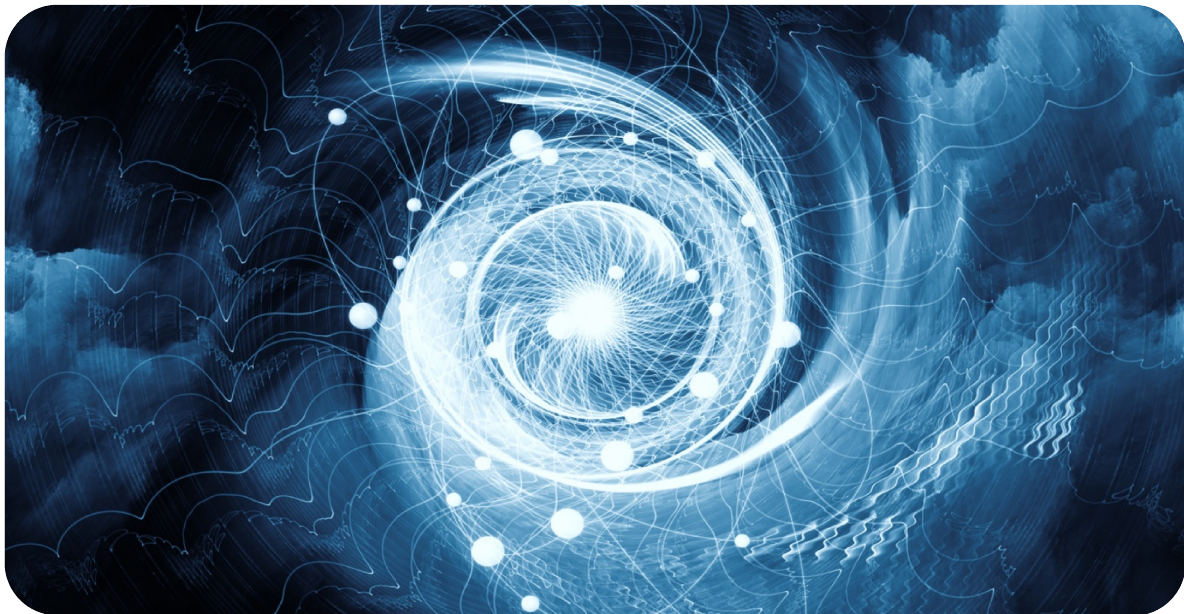

*There are still ancient orders that are oppose to the satanic forces here in the prison but they have gotten weaker over time.*

The truth is; these ancient orders worked with the Beings in the “Advanced Civilization” to assist Human Beings in their spiritual development. Unfortunately, with the arrival of the ‘fallen ones’ and their dark agenda to control and experiment on Humanity –they got weaker and weaker. Over time they were infiltrated and captured. When this happened those associated with the ‘fallen ones’ gained a wealth of occult knowledge.

They also gained knowledge on very high technology, understanding more deeply, the Prison and our Realm. They began to think of themselves as separate and superior to Human Beings.

I suspect that -they directed trillions of dollars to expand those underground bases and constructed their new civilization on land masses that have been removed from our fake maps. The place where they live are still within the prison; as, this prison includes all countries and oceans.

They would be blocked from leaving the prison by the Advanced Civilization watching over the prison.

## Why such extreme experimentation

*When you have everything – You develop addictions and pathologies - what else is there left to do?*

They have been furiously looking to:

- Exit this prison
- Open portals or doorways to enter other Realms (CERN?)
- Understand Consciousness, where it originates and how to control it
- Understand how to gain spiritual powers
- Understand the process of enlightenment – how it affects the human genome/DNA/brain
- Understand the nature of existence
- Perfect the human control systems via automation and A.I Algorithms
- Perfect Transhumanism and gain full control of Human Beings including their spirituality
- Create new life forms, including hybrids of their choice
- Create a situation to force Jesus to come back – this seems silly but they are DEAD serious

## 2020 Vision: Covid-19 and the Great Reset

I will sum this up in one sentence.

Covid-19 and the Great Reset were for but one thing – to acquire better, very high quality data from your brain and body for their ‘Sentient World Simulation’ so they can run simulation on how to better control you.

## Agenda 2030: The Human as a Platform

***In 2030 there will be very few humans as most of us would have transitioned to TransHuman without our consent.***

In the 1960’s government scientist did experiments on rat colonies- dubbed: Calhoun’s Rodent Utopia . They wanted to know what behaviors would occur in the colonies as the size of the living space gets smaller and smaller. Let’s just say it did not end well. The rodents started exhibiting all kind of psychotic behaviors as the living space got smaller and smaller.

They did those studies with Human Beings in mind. Self-Extermination in mind.

Agenda 2030 would force Human Beings from the suburbs and country side to live in ‘Smart Cities’. Apartment buildings would concentrate Humans into ultra tiny apartments.

These ideas came from the Rodent Utopia experiments and will now be put into practice for Agenda 2030. The 'smart cities' concept is a city in which the buildings and environment is chalk full of all kinds of sensors, biometrics, track and trace, surveillance, microwaves and 6G technologies to interface the TransHuman into the control cloud.

Your every thought will be monitored. If it is not an approved thought it may be flagged or deleted.

You will own nothing and be happy - what this means is –“ You will be Mind Controlled and they will own everything” – Catherine Austin Fitts

This is still on the surface – the control systems but behind that are the dark agendas being played out.

The truth is; just as we pack as much livestock into smaller and smaller space – disgusting and unhealthy conditions – those animals live and die in suffering. Their meat is contaminated with the dark energy of suffering –You will eat that meat and ingest the dark energy - This is the Satanic principle at work.

They are packing us into cities in smaller and smaller spaces. Not only to surveil and control but it's really to achieve the density of their food source. The more you pack Humans into smaller spaces the more they suffer – hence, the more food/Negative Energy is produced. I already mentioned cities are designed to channel negative energy to certain locations for Satanic Rituals.

#### **More suffering – more fear = more food**

Transhumanism is the ultimate control system. In 2022 you still have some choices, not much but some. If they succeed with their Transhumanist agenda, then in the future, they will be able to silently torture individuals and groups to create negative energy on demand. It will be done to younger and younger children – more pure food! There will be no one able to stop it.

*I can confirm this because I am a beta-test subject in Transhumanism and they do covertly torture me every day. Some days are worse than others but the pain is unimaginable. There is also ritual abuse that I have suffered since age 4. Wishing these things do not exist does not make them stop.*

In the interim before Agenda 2030 they will divide the Prison population into security forces and targets. The classic divide and conquer. They will target the creative and intelligent people first – experiment and decimate them. After they get all the Brain Mapping and Biological data they need, they will use their Mind Control to walk them to suicide.

After they are gone, there will be no one left in the population that can come up with creative solutions to block or stop their Control Technologies/Transhumanist Agenda.

Then you take 10% to 15% of your security force and make them targets because the system needs targets. So and so forth until a very tiny population is left.

***Then you fire everyone and replace them with Automated Drones.***

By that time the Mind Control technologies would have been sufficiently automated – removing the Human operators. From that point forth, they will grow Human Being to their specification with all the gene-editing and transhuman technologies built in from birth.

They will not only have the perfect Mind Controlled Slave but the perfect food source on demand.

The days of delivering toxins/drugs/chemicals/poisons to a target is gone because the system will create it in the targets body – These are the technologies being developed and field tested right now on unsuspecting citizens,

***With that level of control – gone are the militaries, secret service, human surveillance contractors, federal and local police – ALL GONE – the technology will render them useless and worse; they will view those individuals as a threat as they know ‘too much’ and have capabilities – so they will be targeted with prejudice once the new system comes online.***

Our so called ‘Overlords’ expect to have massive life extensions and all kinds of god like powers derived from experimenting on targeted individuals. That is their wet dream.

I wish to leave this first version of this e-book on a positive note.

I do verily say, our Lord God is infinite in his wisdom and his wonders. There is nothing that is impossible for him. This Prison truly was setup for our spiritual growth – let us use this opportunity to know ourselves and each other better – let us seek for the best in ourselves and walk this path in unity – Don’t let them divide us.

*Divided we fail.*

***Together we are strong.***
